Overview

Finance Overview
Purpose
The purpose of the IPEDS Finance component is to collect basic financial information from items associated with the institution's General Purpose Financial Statements.
There are a few new changes to the 2016-17 Finance data collection: •For all institutions, the expense matrix has been removed and expenses are collected by functional and natural classification categories separately, except for salaries and wages. •For GASB institutions, fields to collect deferred outflows and inflows of resources separately from current assets and liabilities to comply with GASB 63 have been added. Please review the new screens and survey materials carefully.
Resources: To download the survey materials for this component: Survey Materials
To access your prior year data submission for this component: Reported Data

If you have questions about completing this survey, please contact the IPEDS Help Desk at 1-877-225-2568.

Summary

Finance Survey Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the <u>Data Center</u> and sent to your institution's CEO in November 2016.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Total expenses \$130,921,548 N/A

Other core expenses include scholarships and fellowships, net of discounts and allowances, and other expenses. Core expenses exclude expenses from auxiliary enterprises (e.g., bookstores, dormitories), hospitals, and independent operations. For institutions reporting in Full parent/child relationships, core expenses per FTE enrollment amounts will not be allocated to child institutions.

	Calculated value
FTE enrollment	

The full-time equivalent (FTE) enrollment used in this report is the sum of the institution's FTE undergraduate enrollment and FTE graduate enrollment (as calculated from or reported on the 12-month Enrollment component). FTE is estimated using 12-month instructional activity (credit and/or contact hours). All doctor's degree students are reported as graduate students.

Screen: Pension

Entry	The pension expense is expected to be less than total benefits expense reported in Part C, column 3, line 19. Please correct your data or explain. (Error #5271)	Explanation	Yes				
Reason:	The pension is carried at the consolidated University-wide and doesn't touch the other campus business units where much of the benefits are expensed.						
Screen Entry	The value is outside the expected range. Please correct your data or explain. (Error #5280)	Explanation	Yes				
Reason:	GASB 67/68 dictates that based on Pension plan actual returns compared to expected deferred outflows will be volatile year by year. In 2016 the actual returns were less than expected increasing deferred outflows.
