## PURPOSE OF THE SURVEY

The Graduation Rate Survey (GRS) component of the Integrated Postsecondary Education Data System collects data on completion or graduation rates and transfer-out rates of full-time, first-time certificate or degree-seeking undergraduate students. This survey will provide a new indicator in the National Center for Education Statistics' (NCES) ongoing effort to report on the condition of postsecondary education in the United States.

These data will also help institutions satisfy the requirements of the Student Right-to-Know legislation. According to the Student Assistance General Provisions (Sec. 668.41, 668.46, 668.49), institutions that offer athletically-related student aid are required to report graduation and transfer-out rates to the Secretary, U.S. Department of Education. In addition, other institutions that participate in any student financial assistance program under Title IV of the Higher Education Act of 1965, as amended, are required to disclose graduation rates to students and prospective students.

This survey is being conducted in compliance with the Center's mission "to collect, analyze, and disseminate statistics and other information related to education in the United States..." (P.L. 103-382, National Education Statistics Act of 1994, Sec. 404(a)).

## USES OF THE DATA

These data will provide comparable graduation rate statistics for all postsecondary institutions in the nation. The data will also provide much needed information to researchers as an institutional outcome measure and it will offer insight into the relationship between the changing demographics of college-going cohorts within different types of institutions. The information collected in this form can also be used by institutions to partially satisfy the final regulations regarding the Student Right-to-Know Act.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number of this information collection is 1850-0582. The time required to complete this information collection is estimated to average 28.3 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. **If you have any comments concerning the accuracy of the time estimate or suggestions for improving this form, please write to:** U.S. Department of Education, Information Management Team, Washington, DC 20202-4652. **If you have comments or concerns regarding the status of your individual submission of this form write directly to:**

The definitions and instructions for compiling GRS data have been designed to minimize comparability problems. However, postsecondary education institutions differ widely among themselves. As a result of these differences, comparisons of data provided by individual institutions may be misleading unless accompanied by additional information about the institution.

## Before You Complete This Report ...

For the purposes of this Graduation Rate Survey report, a COHORT is a specific group of students established for tracking purposes. For all Sections, except Section V, the cohort data requested are for students in your 1993 Cohort. Section V requests enrollment information from your 1998–1999 academic year.

Please answer **ALL** of the following questions to determine which Sections of the Graduation Rate Survey you should complete:

**1. For academic year 1993–1994, did your institution have any full-time, first-time students enrolled in programs at the baccalaureate level or below?**

- Yes – **Complete Sections I, II, and III** if you can report for a 1993 cohort.

If 1993 cohort data are **not available** indicate the first cohort year for which data are (will be) available (not later than 1996)

Cohort year

- No\* – This institution did not enroll full-time, first-time undergraduate students.

**If Yes, did your institution offer athletically-related aid to students in academic year 1993–1994?**

- Yes – **Complete Section VI** for each designated sport if you can report on a 1993 cohort.

- No – Section VI is not applicable.

- No – Sections V and VI are not applicable.

**3. Which method does your institution use to identify a cohort for reporting data on this survey? (See "Cohort Identification" on page 1 of the instructions.)**

- Fall Cohort – For institutions with standard academic terms (semester, quarter, trimester, 4-1-4 plan).

- Full-Year Cohort (September 1, 1993 through August 31, 1994) – For institutions offering primarily occupational/vocational programs and operating on a continuous basis.

**4. Does your institution have or receive data about students who transfer out through a verification process as described in the instructions?**

- Yes – Provide data on your verified transfer out students in Part B of the appropriate Sections.

- No – Skip Part B in each Section.

**5. Does your institution offer bachelor's degree programs of 5 years or longer?**

- Yes – Complete Part C, Line 46 in Sections II and III.

- No

**Changes from the previous form for the  
1999 GRADUATION RATE SURVEY  
(FOR 4-YEAR INSTITUTIONS)**

- ▶ **Before You Complete This Report . . . (Page 3):** Questions 4 and 5 were brought forward from other Sections of the report.
  
- ▶ **Section I – III and VI:** Cohort Year changes to 1993.
  
- ▶ **Section V:** Enrollment data are requested for 1998.
  
- ▶ **Worksheets:** Worksheets are included to calculate the 3-year average (1991 through 1993) Student Right-To-Know completion/graduation and transfer out rates of full-time, first-time degree/certificate-seeking undergraduates for the full cohort and the sport cohorts.

**Edited data** are provided from previously submitted GRS forms.

**SPECIAL NOTE:**

**Institutions offering 5-year bachelor's degree programs** must complete a GRS-1S which collects data on their 1991 cohort after 7½ years (150% of normal time). This form is included if your institution submitted a 1997 GRS report on a 1991 cohort.

## **SECTION I**

### **ESTABLISHING YOUR COHORTS**

**Section I – ESTABLISHING YOUR COHORTS**

**Before completing this section, please read the general instructions (page 1) for cohort identification and who to include in your cohort.**

**Line 01** – Enter the total number of students in your initial cohort of full-time, first-time degree/certificate-seeking undergraduates by race/ethnicity and sex.

\*If using a **fall cohort**, report enrollment as of the institution’s official fall reporting date or October 15. This number should be as reported on line 01 of your **1993** IPEDS Fall Enrollment (EF-1) report. If using a **full-year cohort**, this number should be an UNDUPLICATED count of all full-time, first-time degree/certificate-seeking undergraduates enrolled at anytime during the **entire** year (September 1, 1993 through August 31, 1994).

**Line 02** – If your institution determines degree intent upon entry, enter the number of students from line 01 who declared intent to seek the bachelor’s or equivalent degree on line 02. Also report students whose intent was unknown on line 02. If students do not declare intent upon entry or this information is not accessible, then enter the entire cohort on this line.

**Line 03** – Report the number of students from line 01 that were other than bachelor’s degree-seeking upon entry.

**INTEGRATED POSTSECONDARY EDUCATION DATA SYSTEM  
GRADUATION RATE SURVEY (GRS)  
GENERAL INSTRUCTIONS – GRS-1**

Please respond to each item on this report in the space provided. The Glossary provides definitions of terms used in this report.

**INSTITUTIONAL IDENTIFICATION**

In the space provided on the front page of this report, make any necessary corrections to the preprinted address information. Also, enter the name, title, telephone number, e-Mail address, and FAX number of the person responsible for completing the report and to whom questions may be directed.

**PERIOD OF REPORT**

The majority of this report requests data on a cohort of full-time, first-time degree/certificate-seeking undergraduates enrolled in your institution either (1) as of October 15, 1993 or (2) during the period between September 1, 1993 and August 31, 1994. Institutions are to report the status of these students as of August 31, 1999. Note that Section V requests data for the 1998 fall term or the period between September 1, 1998 and August 31, 1999.

**BEFORE YOU COMPLETE THIS FORM . . .**

**Questions 1-3.**

Please read these questions carefully. Your responses will help you determine whether or not you need to complete the survey and which sections you should complete. If your institution currently offers athletically-related aid to students, you **must** at least complete Section V. In addition, if you have cohort data available for 1993, you should complete the remainder of the survey form. If you have not established a 1993 cohort for tracking purposes, be sure to indicate the first cohort year for which data are available. After answering the questions, if you still are unsure about which sections need to be completed, please call the Census Bureau for clarification.

**4.** If your institution receives any data about students who transfer to other institutions through one of the verification processes listed below check "YES" and be sure to complete Part B of the appropriate Sections. You must use one of the following means:

- a.** A certification letter or document from the receiving institution stating that the student is enrolled at that institution.
- b.** An electronic certification, such as SPEEDE/ ExPRESS, stating that the student is enrolled at that institution.
- c.** Confirmation of enrollment data from a legally-authorized statewide or regional tracking system (or shared information from those systems) confirming that the student has enrolled at another institution.
- d.** Institutional data exchange information confirming that the student has enrolled at another institution.
- e.** An equivalent level of documentation. For example, transfer information supplied by the student (through surveys or other means) and maintained by the institution would be acceptable for counting individual students as having transferred out.

**DO NOT** consider requests for a transcript as a valid verification of a student's transfer to another institution.

**5.** Indicate if your institution offers bachelor's degree programs of 5 years or longer.

**COHORT IDENTIFICATION**

Indicate which method your institution is using to identify the cohort reported on this survey. You may indicate **either a fall cohort or a full-year cohort (12-month period).**

When establishing a cohort, include **only** those full-time, first-time degree/certificate-seeking undergraduates who entered the institution during one of the time periods described below:

- (1)** Institutions that offer a predominant number of programs based on standard academic terms (semesters, trimesters, or quarters) will report using a **fall cohort** of students. Institutions may use a census date of October 15, or the end of the institution's drop-add period, or another official fall reporting date to determine the cohort. This should be the same reporting date established for your IPEDS Fall Enrollment (EF-1) report.
- (2)** Institutions that do not offer a predominant number of programs based on standard academic terms (as defined above) must count as entering students all those students who entered the institution between September 1, 1993 and August 31, 1994, and who attended at least 1 day of class.

**WHO TO INCLUDE IN THE COHORT**

**Students included in cohort** – Include all full-time, first-time degree/certificate-seeking undergraduate students entering the institution either during the **fall term** or during the **12-month period** as described above.

Students must be enrolled in courses creditable toward a degree, diploma, certificate, or other formal award. Include students enrolled in courses that are part of a vocational or occupational program, **INCLUDING** those enrolled in off-campus centers and those enrolled in distance learning/home study programs.

Be sure to include full-time students taking remedial courses if the student is considered degree-seeking for the purpose of student financial aid determination.

A student who is designated as a member of the 1993 cohort remains in the 1993 cohort, even if the student:

- Becomes a part-time student.
- Transfers to another institution.
- Stops out of the institution.
- Drops out of the institution.
- Has not fulfilled the institution's requirements to receive a degree or certificate.

**REMOVE INSTRUCTIONS BEFORE MAILING AND RETAIN FOR YOUR FILES**

## GENERAL INSTRUCTIONS – GRS-1 – Continued

### WHO TO EXCLUDE FROM THE COHORT

**DO NOT** include students in this cohort who are:

- Enrolled exclusively in courses not creditable toward a formal award or the completion of a vocational program (i.e., nondegree seeking).
- Taking CEU's unless they are also enrolled full time in courses creditable toward a degree or other formal award.
- Exclusively auditing classes.
- Studying abroad (e.g., at a foreign university) if their enrollment at this institution is only an administrative record and the fee is only nominal.
- In any branch campus located in a foreign country.
- Part time.
- Transfers into the institution.

### CATEGORIZATION OF STUDENTS

The attached Glossary provides detailed definitions of specific terms and should be used to define students in the initial cohort. The Glossary should also be used to identify completers, noncompleters still enrolled, noncompleters not enrolled, and transfer-out students.

### LENGTH OF PROGRAM

The Glossary also provides detailed definitions of programs of less than 2 years, programs of at least 2 years but less than 4 years and programs of at least 4 years. Use the definitions to determine where to report completers.

### REPORTING STUDENTS BY RACIAL/ETHNIC CATEGORY AND SEX

**Method of collection** – The manner of collecting racial/ethnic information is left to the discretion of the institution provided that the system which is established results in reasonably accurate data, which may be replicated by others when the same documented system is utilized. One acceptable method is a properly controlled system of post-enrollment self-identification by students. If a self-identification method is utilized, a verification procedure to ascertain the completeness and accuracy of student submissions should be employed.

**Assignment to categories** – For the purpose of this report, a student may be included in the group to which he or she appears to belong, identifies with, or is regarded in the community as belonging. However, no person may be counted in more than one racial/ethnic group. Racial/ethnic designations are requested only for United States citizens, resident aliens, and other eligible noncitizens. (*See definitions below.*)

**Racial/ethnic descriptions** – Racial/ethnic designations as used in this survey do not denote scientific definitions of anthropological origins. The categories are:

- **Black, non-Hispanic** – A person having origins in any of the black racial groups of Africa (except those of Hispanic origin).
- **American Indian or Alaskan Native** – A person having origins in any of the original peoples of North America and who maintains cultural identification through tribal affiliation or community recognition.
- **Asian or Pacific Islander** – A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or Pacific Islands. This includes people from China, Japan, Korea, the Philippine Islands, American Samoa, India, and Vietnam.
- **Hispanic** – A person of Mexican, Puerto Rican, Cuban, Central, or South American, or other Spanish culture or origin, regardless of race.
- **White, non-Hispanic** – A person having origins in any of the original peoples of Europe, North Africa or the Middle East (except those of Hispanic origin).

### Other descriptive categories

- **Nonresident alien** – A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely.

**NOTE:** Nonresident aliens are to be reported separately, in the columns provided, rather than in any of the five racial/ethnic categories described above. **Resident aliens** and other eligible (for financial aid purposes) noncitizens who are not citizens or nationals of the United States and who have been lawfully admitted as legal immigrants for the purpose of obtaining permanent resident alien status (and who hold either an alien registration card (Form I-551 or I-151), a Temporary Resident Card (Form I-688), or an Arrival-Departure Record (Form I-94) with a notation that conveys legal immigrant status such as Section 207 Refugee, Section 208 Asylee, Conditional Entrant Parolee or Cuban-Haitian) are to be reported in the appropriate racial/ethnic categories along with United States citizens.

- **Race/ethnicity unknown** – This category is used ONLY if the student did not select a racial/ethnic designation, AND the postsecondary institution finds it impossible to place the student in one of the aforementioned racial/ethnic categories during established enrollment procedures or in any post-enrollment identification or verification process.

In columns 15 and 16, report the grand total of all students in the cohort regardless of race/ethnicity or citizenship.

## GENERAL INSTRUCTIONS – GRS-1 – Continued

### GENERAL INSTRUCTIONS FOR STUDENTS RECEIVING ATHLETICALLY-RELATED STUDENT AID

These sections are to be completed by any institution that participates in any Federal student financial assistance program authorized by Title IV of the Higher Education Act of 1965, as amended, **and** awards athletically-related student aid.

The sports specified are as defined in 34 CFR Section 668.41 of the Student Assistance General Provisions.

**Definition of Sport** – For the purposes of this section, report separately for the following sports: (1) Football; (2) Basketball; (3) Baseball; (4) Cross-country and track combined; and (5) All other sports combined.

If a student receives athletically-related student aid for **MORE THAN ONE SPORT**, count that student only **ONCE**. Count the student using the following sports hierarchy: football; basketball; baseball; cross-country and track combined; and all other sports combined. **For example**, if a student receives athletically-related aid for playing football **and** baseball, provide information for this student **only** under the sport of football.

### CONFIDENTIALITY OF DATA

The confidentiality of individuals will be preserved in accordance with Title V, Section 501(a) of the Education Amendments of 1974 (P.L. 93-380) which amends Part A of the General Education Provisions Act by adding at the end thereof a new Section 406 specifically referring to NCES. Section (d)(2) of the Act is cited below:

"The Center shall develop and enforce standards designed to protect the confidentiality of persons in the collection, reporting, and publication of data under this section. This subparagraph shall not be construed to protect the confidentiality of information about institutions, organizations, and agencies receiving grants from or having contracts with the Federal Government."

The Freedom of Information Act requires that data retained by the Federal Government must be made available to the public so long as the rights to privacy of individuals are not violated. When requested, data collected in this survey will be made available to the public in the form of diskettes or via Internet. Data cells containing fewer than three individuals will be removed. The database will contain all of the data items on the report (except those which might identify individuals), as well as the names of institutions submitting the reports.

# INSTRUCTIONS FOR COMPLETING THE GRADUATION RATE SURVEY GRS-1 REPORT FORM

Enter zero (0) in the TOTAL columns (columns 15 and 16) if the reported data for an item number are "Not Applicable" or "None." Leave blank if the data are not available.

## SECTION I – ESTABLISHING YOUR COHORTS

**Report each student only once.**

If your institution determines degree intent upon entry, students in your initial cohort are to be separated into two groups: (1) students entering bachelor's or equivalent degree programs and (2) students seeking other than a bachelor's degree (associate's degree, certificates, etc.). Please complete all of **SECTION I** and continue with **SECTIONS II** and **III** as directed.

Institutions that do not determine degree intent upon entry should report their entire cohort on **line 01** and continue as if all students are bachelor's degree seeking.

In all cases, students whose intent is not known are to be reported on **line 02**.

**Line 01 – Initial Cohort** – Enter the total number of students in your initial cohort according to their race/ethnicity and sex. If you are reporting on a **fall cohort**, this should be approximately the same information you reported on line 01 of your **1993 IPEDS Fall Enrollment (EF-1)** report. If you responded to this survey, the information should be preprinted for you. Please review these data and make any necessary corrections for omissions or double counting. If there is a major difference in columns 15 and 16, please explain in the remarks section. If you did not respond or your data do not appear on line 01, please provide the enrollment data as requested.

**Line 02** – Of the initial cohort, indicate how many students declared intent to seek the bachelor's or equivalent degree upon entry. As indicated above, this should also include any students whose intent was not known.

**Line 03** – Of the initial cohort, indicate how many students declared intent to seek other than a bachelor's level degree (i.e., associates degree or other formal award) upon entry.

**NOTE:** Line 01 should equal the sum of lines 02+03.

**If you completed line 02**, transfer the data from SECTION I, line 02 to SECTION II, line 10 and complete SECTION II.

Similarly, **if you completed line 03**, transfer these data to SECTION III, line 10 and complete SECTION III.

## SECTION II – FULL-TIME, FIRST-TIME STUDENTS SEEKING A BACHELOR'S OR EQUIVALENT DEGREE

**Part A – Status of Students in the Cohort – Report each student only once.**

Report the status of the 1993 cohort of bachelor's or equivalent degree-seeking students as of August 31, 1999 in terms of the total students in the cohort; the number of completers, by length of program completed, by time to complete the program; the number of noncompleters still enrolled; and the number of noncompleters not graduated and no longer enrolled, including noncompleters who transferred out of the institution. Report these bachelor's degree-seeking students by race/ethnicity and sex.

**Report only for full-time, first-time students seeking a bachelor's or equivalent degree. DO NOT** include students who transfer into your institution.

**Line 10 – Initial Cohort** – This should be the same data as reported in **SECTION I, line 02** if your institution can determine degree intent for students upon entry. Otherwise, it is the entire cohort of full-time, first-time degree-seeking undergraduate students.

**Status of Cohort as of August 31, 1999:**

**Count completers only once and indicate the highest degree level attained.**

**Line 11: Completers of programs of less than 2 years** – Report all students in the cohort who completed programs of less than 2 years at any time during the 6-year period.

**Lines 12–17: Completers of programs of at least 2 years but less than 4 years** – Report the total number of students completing these programs on **line 12**; on **lines 13 through 17**, report students according to how long it took them to complete their program.

**SPECIAL NOTE:** In order to resolve a potential conflict between transfers out and the mission of particular programs to prepare students for transfer to other institutions, **institutions may count as completers** those students who have successfully completed a **transfer-preparatory program**.

**Transfer-preparatory program** is defined in 34 CFR Student Assistance General Provisions, Section 668.8(b)(1)(ii) as "the successful completion of at least a 2-year program that is acceptable for full credit toward a bachelor's degree and qualifies a student for admission into the third year of a bachelor's degree program." The Secretary considers this the equivalent of an associate's degree. Similarly, institutions may count as completers, those students who have successfully completed the first three years of a 3-2 program and are eligible to enter another institution to complete the program. The student receives full credit toward a 5-year bachelor's degree and qualifies the student for admission into the fourth year of a 5-year bachelor's degree program.

**Lines 18–21: Completers of bachelor's or equivalent degrees** – Report all students in the cohort who are completers of bachelor's or equivalent degrees, i.e., baccalaureate level degrees including 5-year bachelor's (including cooperative) programs, and those bachelor's degrees in which the normal 4 years of work are completed in 3 years on **line 18**. On **lines 19 through 21**, report students according to how long it took them to complete their program. (**NOTE:** Students enrolled in 5-year programs who have not completed within the 6-year period following their enrollment are to be reported as **still enrolled on line 22**.)

## INSTRUCTIONS FOR COMPLETING THE GRS-1 REPORT FORM – Continued

### Line 22: Noncompleters Still Enrolled

All students (who have not completed a program) who re-enroll in the institution the fall term following the status date of August 31, 1999 are to be considered "still enrolled" and should be reported on **line 22**. Students must be "still enrolled" as of October 15, 1999 or the institution's official fall reporting date.

### Line 23: Noncompleters Not Enrolled

Report on **line 23** all students not accounted for elsewhere in **SECTION II, Part A**. This will include such students as drop outs, stop outs, and those who transferred out of the reporting institution.

**Edit Check:** Make sure that all students in the cohort are accounted for in this section. **Line 10** is the sum of **line 11 + line 12 + line 18 + line 22 + line 23**.

### \*\*SPECIAL INSTRUCTIONS FOR INSTITUTIONS WITH 5-YEAR PROGRAMS\*\*

Institutions with 5-year undergraduate programs are to report on the same cohort of students who are being reported by the traditional 4-year institutions. Report students by the length of time it took to complete their 5-year programs on **lines 19 through 21**. Students who have not yet completed their 5-year programs are to be reported as **still enrolled** on **line 22**. In addition, Part C, Item 2 requests the number of students still enrolled in 5-year programs. Be sure to complete the information requested in this item. NCES will also request that institutions with 5-year programs report data and calculate a graduation rate after 7½ years. A special form will be used in 2001 to collect this information on your 1993 cohort.

### Lines 11A, 12A and 18A: Completers within 150% of Normal Time

In order to calculate a graduation rate to comply with Student Right-to-Know regulations, institutions can only count as completers, those students who received their degree/certificate (or completed a transfer-preparatory program) within 150% of normal program time. See *Glossary for definition of normal time to completion*.

**Line 11A:** Enter the number of students reported on **line 11**, who completed programs of less than 2 years **within** 150% of normal time. For example, a student who completed a 6-month (or equivalent) program in 9 months or less would be reported on **line 11A**; those taking longer would only show on **line 11**. Note that the count on **line 11A** is a subset of those completers reported on **line 11**.

**Line 12A:** Indicate the number of students who completed programs of at least 2 years but less than 4 years **within** 150% of normal time to completion of their program. For example, a student who completed a 3-year program in 4½ years or less should be reported on **line 12A**. Again, **line 12A** should be a subset of those students reported on **line 12**.

**Line 18A:** Enter the number of students reported on **line 18** who completed a bachelor's degree program **within** 150% of normal time. **Note:** Include completers of 3-year bachelor's degree programs only if they completed within 4½ years.

### Part B – Transfer-out Students

#### Lines 30–38: Transfers Out of Your Institution

If you indicated on page 3 that your institution can provide data about students who transfer to other institutions, complete **lines 30–38**. If you checked NO, skip to **Part C** (Clarifying Questions).

**Line 30:** For those institutions that checked YES, report the total number of students who transferred (without a degree/award) out of your institution, within 150% of normal time to completion.

**Lines 31–33:** Report transfer students according to the level of institution that received the student and by race/ ethnicity and sex.

**Edit Check:** Be sure **line 30 = lines 31 + 32 + 33**.

**NOTE:** Students who are counted as transfers out in Part B should also be reported in Part A as either: (a) Noncompleters not enrolled on **line 23** or (b) Noncompleters still enrolled on **line 22**, if they subsequently re-enrolled at your institution after a successful transfer. These students should also be reported on **line 38** as indicated below.

**Line 38:** Report those students from **line 30** who transferred out of your institution and then subsequently re-enrolled during the period covered by this report. These students must be considered "still enrolled" as of the institution's official fall reporting date or October 15, 1999.

### Part C – Clarifying Questions

#### Lines 41–45: Adjustments to Cohort

Referencing the cohort reported on **line 10**, indicate the number of students who left your institution (and have neither graduated nor transferred to another institution) because of one of the following **documented** reasons:

- The student is deceased or is totally and permanently disabled and thus unable to return to school.
- The student left school to serve in the armed forces. (**DO NOT** include students already in the military who transfer to another duty station.)
- The student left school to serve with a foreign aid service of the Federal Government, such as the Peace Corps.
- The student left school to serve on an official church mission.

**NOTE:** Students who leave the institution for one of the reasons noted in b, c, or d above, but return prior to the status date of **August 31, 1999**, may be subtracted from the cohort during the calculation of graduation rates.

#### Line 46: Students Still Enrolled in 5-Year Programs

Referencing **line 22**, the number of students in the original cohort who are still enrolled at your institution and have not received a degree or other formal award, indicate how many of these students are still enrolled in programs of 5 years or longer.

## INSTRUCTIONS FOR COMPLETING THE GRS-1 REPORT FORM – Continued

### SECTION III – FULL-TIME, FIRST-TIME UNDERGRADUATE STUDENTS SEEKING OTHER THAN A BACHELOR'S DEGREE

**Line 10 – Initial Cohort** – This should be the same data as reported in **SECTION I, line 03** if your institution can determine degree intent for students upon entry. These students are seeking **undergraduate** degrees or certificates other than the bachelor's degree.

Follow all instructions for **SECTION II, Parts A, B, and C** when completing **SECTION III**.

**SECTION IV is not applicable to this report.**

### SECTION V – 1998 ENROLLMENT OF STUDENTS RECEIVING ATHLETICALLY-RELATED STUDENT AID

The Student Right-to-Know regulations (34 CFR Student Assistance General Provisions, Section 668.41(b)(2)) require that institutions report on:

**Line 50: Institutional Enrollment** – Report the total number of full-time, degree/certificate-seeking undergraduate students, categorized by race and sex, who attended the institution during the year prior to the submission of this report.

For institutions reporting on a **fall cohort**, this should be the same as lines 01 through 06 of your **1998** IPEDS Fall Enrollment (EF-1) report. If you responded to this survey, the information should be preprinted for you. Please review these data and make any necessary corrections for omissions or double counting. If you did not respond or your data do not appear on **line 50**, please provide the enrollment data as requested.

For institutions reporting on a **full-year cohort**, report the UNDUPLICATED count of all full-time, degree/certificate-seeking undergraduate students enrolled at the institution at anytime during the 12-month period September 1, 1998 through August 31, 1999.

**Lines 51–56 – Students Receiving Athletically-Related Student Aid** – Report on **line 51** the number of students on **line 50** who received athletically-related student aid at any time during the 1998-1999 academic year. Categorize students by race/ethnicity and sex and then distribute them by sport on **lines 52 through 56**. If a student receives athletically-related aid for more than ONE SPORT, count that student only ONCE. These numbers should account for **all** full-time, degree/certificate-seeking undergraduate students receiving athletically-related student aid.

### SECTION VI – STUDENTS RECEIVING ATHLETICALLY-RELATED STUDENT AID FOR SPECIFIED SPORTS

Based on information provided on your **1998** IPEDS "Institutional Characteristics" survey, this section of the Graduation Rate Survey has been customized specifically for your institution. Boxes 1 through 5 have been pre-checked to indicate the sport to be reported on each page. If your institution did not offer athletically-related student aid in 1993 for a pre-checked sport, mark box "8" at the top of the page and **do not** complete the section. Individual sections are provided so that you can report data separately for each sport. A blank set of SECTION VI pages is provided for your convenience in reporting data for any of the five specified sports we may have missed. Report only for students in the 1993 cohort. Report each student **only once**. See the General Instructions for Students Receiving Athletically-Related Student Aid on page 2.

**Establishing the 1993 Sport Cohorts** – SECTION VI cohorts are a subset of the cohort you reported in **Section I, line 01**. These cohorts consist of all full-time, first-time degree/certificate-seeking undergraduates receiving athletically-related student aid. Categorized by race/ethnicity and sex, cohorts are further divided by sport.

Students receiving athletically-related student aid are defined in the Student Right-to-Know regulations (Section 668.49(a)(1)(iv)) as those entering students (full-time, first-time degree-seeking undergraduates) who receive athletically-related student aid for any period of time during their entering year. **EXCLUDE** first-time students who do not meet or partially meet the qualifications for athletic aid (nonqualifiers and partial qualifiers).

**EXCLUDE** students receiving athletically-related student aid who transfer into a sports program from another institution. This survey **DOES NOT** collect information on transfer-in students.

### Part A – Status of Students in the Cohort Receiving Athletically- Related Student Aid

**Report each student only once.**

Report the status of the 1993 cohort of degree-seeking students as of August 31, 1999 in terms of entering students receiving athletically-related student aid; the number of completers, by length of program completed, by time to complete the program; the number of noncompleters still enrolled; and the number of noncompleters receiving athletically-related student aid no longer enrolled, including those who transferred out of the institution. Report all students by race/ethnicity and sex.

**Report only for full-time, first-time degree/certificate-seeking students receiving athletically-related student aid.**

**Do not include students receiving athletically-related student aid who transfer into your institution.**

**Line 60 – Initial Cohort** – Report the number of students from **SECTION I, line 01** who received athletically-related student aid at any time during their entering year. The box marked at the top of the page determines which sport cohort is being reported.

Follow all instructions for the corresponding line items in **SECTION II** when completing **SECTION VI**.

**Worksheets** are included to calculate the Student Right-To-Know completion or graduation and transfer out rates of full-time, first-time degree/certificate-seeking undergraduates for the student cohort and the sport cohort.

Additional worksheets are included to calculate the three-year average for the completion/graduation and transfer out rates of full-time, first-time degree/certificate-seeking undergraduates. For your convenience, previously submitted GRS data have been **edited** and may be imprinted on these worksheets. The worksheets can be used to calculate the average of the three most recent (1991 through 1993) full-time, first-time cohorts and corresponding sport cohorts.

This report is to contain, among other things, graduation/completion rates of students receiving athletically-related student aid by race/ethnicity and gender and by sport, and the average completion or graduation rates for the four most recent years. These data are also required to be disclosed to potential student athletes (and others) when the institution offers athletically-related student aid.
