**BOARD POLICY ON ETHICS AND CONFLICT OF INTEREST**
(Third Revised Draft of 6-14-2006)

Each member of the University of Missouri Board of Curators (hereinafter “Board”) has a fiduciary obligation and responsibility with respect to his or her service on the Board, which is ultimately responsible and accountable for governing the University pursuant to Article IX, Section 9(a) of the Missouri Constitution of 1945 and applicable statutes. Each member of the Board is expected to serve the public trust and to exercise his or her duties and responsibilities solely in the interest of the public, the University and the Board and not in the member’s own interest, the interest of his or her spouse or dependent child or children or in the interest of any business with which any of the foregoing are associated.

To implement the foregoing general principles, the Board has adopted the following:
PROHIBITED TRANSACTIONS

1. No member of the Board shall vote on, attempt to influence the vote of other members of the Board or attempt to influence the decision of the University with regard to any matter under consideration by the Board or by the University in which said action will result in a material financial gain or personal gain for said Board member, his or her spouse or dependent child or children or any business with which any of the foregoing are associated.

2. No member of the Board shall act or refrain from acting, in connection with his or her duties and responsibilities as a member of the Board, by reason of the payment, offer to pay, promise to pay, or receipt of anything of actual pecuniary value by said Board member, by his or her spouse or dependent child or children or any business with which any of the foregoing are associated.

3. No member of the Board shall use in any manner whatsoever or disclose to others confidential information obtained in connection with his or her duties and responsibilities as a member of the Board with the intent to result in material financial gain or personal gain for said Board member, for his or her spouse or dependent child or children or any business with which any of the foregoing are associated.

4. Consistent with Section 320.115 of the Collected Rules and Regulations of the University of Missouri, no member of the Board shall be employed by the University, either full-time or part-time, during his or her service as a member of the Board or for two (2) years after the cessation of such service. Further, no member of the Board shall enter into any contract to provide goods or services under contract with the University during his or her service as a member of the Board or for two (2) years after the cessation of such service; provided, however, that such prohibition shall not apply if the goods or services are donated to the University or if the contract is entered into in conformity with the University's rules and regulations pertaining to acquisition of goods or services, the University's competitive bidding processes, if applicable, and after compliance with all applicable conflict of interest statutes and policies.

5. Consistent with the provisions of Article VII, Section 6 of the Missouri Constitution of 1945, Section 172.310, RSMo 2000 and Section 320.040 of the Collected Rules and Regulations of the University of Missouri, no person who is related by blood or marriage to any member of the Board shall, during said Board member's service as a member of the Board, be appointed to any position in the University as officer, member of any faculty or employee.
FULL DISCLOSURE

1. Each member of the Board shall complete and shall submit annually to the Secretary of the Board on or before August 15 of each year, the University of Missouri Board of Curators’ Conflict of Interest Disclosure Form, for the purpose of disclosing to the Board and to the public said Board member’s financial interests and the financial interests of his or her spouse and dependent child and children, including the identity of any business with which any of the foregoing are associated. 2. If a member of the Board reasonably believes that he or she or another Board member has a conflict of interest, a potential conflict of interest or reasonably believes that the general public might perceive that a conflict of interest exists with regard to any matter that is under consideration by the Board, he or she shall report such conflict of interest, potential conflict of interest or perceived conflict of interest to the President of the Board at the earliest opportunity and, if possible, prior to any discussion, deliberation or vote by the Board on that matter. Unless the member of the Board voluntarily agrees to abstain from all such discussions and voting on the matter, the President of the Board shall determine whether an actual or perceived conflict of interest exists and, if so, shall request that such member of the Board refrain from all such discussions and voting on the matter. If the President of the Board is the Board member whose financial or personal interest is at issue, the Vice President of the Board shall determine whether an actual or perceived conflict of interest exists and, if so, shall request that the President of the Board refrain from all such discussions and voting on the matter. In all cases, the Board is the final authority on conflict of interest issues. The Board member whose financial or personal interest is the subject of any vote shall not be eligible to vote thereon.
