Overview

This document contains the approved rates for student housing, activity, facility, and health service fees for Fiscal Year 2011 and other supporting materials as submitted by each campus in the University of Missouri System. This information was prepared in support of fee changes that became effective in Summer Session 2010.

The fee proposals were prepared under the direction of the Vice Chancellors or Vice Provosts for Student Affairs on each campus. Planning for fee changes are conducted using operating assumptions unique to each campus and activity, within the context of general economic guidelines communicated by the Assistant Vice President of Planning and Budget. The appropriate advisory groups, affected students, and/or their elected officers reviewed and approved the activity, facility, and health service fee proposals. Student housing rate proposals were developed with input from the affected students and the Residence Hall Associations. These groups had the opportunity to review, ask questions, and provide comments as the proposed room and board rates and plans were developed.

These rate changes are in compliance with SB 389. There are no increases in required fees except for those approved by student referendum at UMKC, MO S&T and UMSL. Table 1 shows a summary of fee increases approved by the Board of Curators, with details for tuition, other required fees, and room and board charges.

Notes:

(1) Based on average fees for a resident undergraduate student at fifteen credit hours per semester for 2 semesters.

(2) Includes new fees approved by student referendum as follows: UMKC - Student Union fee of \$13.75 per credit hour (\$165), MO S&T - Includes new fee of \$22.70 for operation of newly opened fitness center, and UMSL - Includes new Metro Pass program fee of \$2 per credit hour (\$24).

(3) Predominant plan as submitted by each campus. The UMSL rates reflect new Board plans that are not directly comparable.

Room and Board Contract Rates

Room and board charges vary across the four campuses and within each campus based on the residence facility and meal plan selected. Table 2 summarizes the changes in the predominant room and board plans on each campus as well as showing the range of plans available. Based on the predominant room and board plan on each campus, rates will increase by 3.9% at MU, 3.0% at UMKC, 4.2% at Missouri S&T, and 7.3% at UMSL. The UMSL Board plans approved in January 2010 were replaced with new plans at the June 2010 Board of Curators meeting. These increases are driven by various factors that impact housing and dining differently and the campus operations differently. Tables 2 - 2d detail the type of rooms and meal plans that are available on each campus as well as the approved rates for each plan.

* new plans

At MU, the predominant room and board plan will cost \$7,925 for the FY2011 academic year and consist of a renovated traditional double room and a meal plan that provides 14 meals per week. There are a wide variety of accommodations and housing facilities to choose from. Housing rates for the FY2011 academic year range from a high of \$7,545 for a single suite open during breaks to a low of \$4,095 for an un-renovated traditional double room. Five different meal plans are available and range from a high of \$3,520 for 21 meals per week to a low of \$2,000 for 7 meals per week.

MU's meal plan rates increase from 2.3% for the 21 and 17 meals per week plans to 2.0% for the 7 meals per week plan. Housing rates increase by 4.8% to 5.1% depending on the type of housing accommodation. The combined room and board contract rate for the predominant plan increases by 3.9%.

The primary drivers of the housing rate increase is an anticipated increase in utility rates of 5.2% and increased mandatory transfers of \$0.6 million for debt service related to the Mid Campus Housing complex and Rollins renovations. Even with the increase in rates, revenues are anticipated to decline approximately \$1.7 million, or 2.8%. The reduction in revenue reflects the closing of Cramer, Stafford, and Gillett Halls, the opening of Hudson, and a reduction in Extended Campus Housing for a net capacity reduction of 940 beds; however occupancy rates are anticipated to increase by 5.2%. Expenses will decline by \$1.7 million to provide a balanced budget for MU's housing system. Expense reductions include savings resulting from reduced capacity with the largest decline of \$1.6 million in rent expense related to the reduction in the Extended Campus Housing program.

At UMKC, the predominant room and board plan for FY2011 will cost \$8,502 and consists of a traditional double room and a 320 block meal plan with \$400 in Flex cash. At UMKC, room rates will increase by 2.5%. Room rates vary by type of room ranging from a high of \$7,435 for a single room with a private bath to a low of \$5,875 for a traditional double room. Capacity is unchanged at 884 beds and occupancy is anticipated to remain at approximately 95%.

At UMKC, food service is outsourced to a third party vendor. Meal plans rates will increase by 4%. Five different meal plans are available ranging from a high of \$3,163 for 15 meals per week with \$250 in Flex cash to a low of \$2,528 for 360 block meals with \$350 Flex cash.

At Missouri S&T, the predominant room and board plan costs \$7,755 for the FY2011 academic

year and consists of a Thomas Jefferson North Tower renovated double room and 10 meals per week plus \$400 declining balance. The increase in the predominant room and board plan at Missouri S&T is 4.2%.

Housing rate increases range from 4.6% to 5.6% with the predominant plan increasing 4.9%. Room rates range from a high of \$7,450 for a large single suite to a low of \$3,030 for a traditional triple room. Increases at these levels are necessary to sustain current levels of residential services as well as to adequately fund the University's residence hall construction/renovation master plan.

The renovation of the Thomas Jefferson South Tower will be complete and will open in FY2011 and the Thomas Jefferson North-West wing renovation will begin in FY2011. Total capacity for FY2011 will increase 2% and occupancy is anticipated to remain at 99%. Mandatory transfers related to debt service on the renovation project increase by \$0.6 million. Housing system revenues and expenditures and transfers are anticipated to increase by 4.4%.

Missouri S&T's board rates are proposed to increase 2.9% on average. Increases in meal plans range from 2.9% to 3.1% with the predominant plan increasing 2.9%. There are seven meal plans available to choose from at MO S&T ranging from a high of \$3,010 for 19 meals per week and \$120 declining balance to a low of \$1,335 for 5 meals per week with \$300 declining balance. MO S&T uses a third party vendor for dining services.

At UMSL, the predominant room and board plan for the FY2011 academic year will increase 7.3% and will cost \$8,544. The predominant plan consists of a single room in Oak Hall and a 10 meal plan per week plus \$200 declining balance. Housing rates will increase 7% in FY2011 for Oak Hall. Rates were held flat last year and resulted in a deficit. This increase is required to cover operating costs, wireless charges for Oak Hall and eliminate the growing deficit. Total residence hall capacity remains unchanged at 445 beds. 421 of these beds are in Oak Hall which is designed for students 21 years old and under. The remaining 24 beds are in Villa North and are reserved for optometry students. Rates for Villa North will increase 1.2% or \$50 for the year. Occupancy continues to be a problem in residence halls with the current rate of 73% anticipated to continue in FY2011.

Housing options range from a high of \$6,002 for a single room in Oak Hall to a low of \$4,804 for a double room in Oak Hall. Other residence halls are offline and would be used only in an overflow situation. If needed, rates would be the same as previously approved for FY2010.

After the proposed changes in housing contracts for room and board plans for fiscal year 2011 were approved by the Board of Curators at their January 2010 meeting, the UMSL students of the Residence Hall Association (RHA), and the Office of Residential Life continued to work with Chartwells, their third party dining vendor, to design better meal plans for their students. The original meal plans submitted to the Curators for approval in January 2010 did not include a breakfast option or a full meal equivalency for the residential life students. Chartwells proposed a new meal plan that includes a breakfast option seven days a week, and also includes meal equivalency on North Campus Monday through Thursday. The original plan only allowed for meal equivalency on North Campus two days during the week. The revised meal plans approved at the June 2010 Board of Curators meeting reflect a continued effort by the Residence Hall Association and the Office of Residential Life at UMSL to obtain the most cost effective and flexible plans for the UMSL students.

The meal plan revision eliminates the 7, 10, and 14 meals per week, \$900 declining balance plans and replaces them with six new options. The new meal plan offers a range from a high of 13 meals per week with a declining balance of \$600 for a total academic year cost of \$3,373, to a low of \$2,542 for 10 meals per week with a \$400 declining balance for the academic year. A block plan option of 340 meals for the academic year was added for \$2,934 and an All Declining Balance plan was added for \$3,300 per academic year. These options offer cost reductions for the UMSL students from the previous plans which ranged in cost from \$3,816 for 14 meals per week plus \$900 declining balance to a \$2,448 for seven meals per week plus \$900 declining balance and did not include breakfast or full meal equivalency on North Campus.

Family Housing

The approved increases in rates for family student housing are 1.6% to 3.4% at MU, 2.2% to 2.5% at Missouri S&T and 0.8% to 1.5% at UMSL for the FY2011 academic year. UMKC does not offer family housing.

Notes:

- (1) The predominant room plan has traditionally been the Thomas Jefferson double room. However, because the Thomas Jefferson North Tower-West Wing will be closed for renovation in FY2011, the number of beds available in FY2011 will decline below the number of Residential College Suites double rooms. The Thomas Jefferson double room will continue to be reported as the predominate room plan since this is a one-year anomaly that will end in FY2012 when the west wing of the Thomas Jefferson North Tower reopens.
- (2) Thomas Jefferson South Tower renovation was completed in FY2010 and will reopen in FY2011.

Notes: Other residence halls are offline unless needed for overflow; rates as previously approved.

(1) Oak Hall room rate increases required to cover operating costs and eliminate growing deficit.

(2) Villa North has 24 rooms for optometry students only. Meal plan 4 is the required plan.

(3) In January 2010, the Board of Curators approved increases on prior year plans. In June 2010, the Board of Curators approved a revision that eliminated the original meal plans and replaced them with new plans.

Capacity and Occupancy

Residence hall capacity is planned to decrease by -9.0% or a reduction 911 beds for the fiscal year 2011. MU has 940 less beds for FY2011 as a result of the closing of Cramer / Stafford / Gillett, the opening of Hudson and a reduction in Extended Campus Housing. Missouri S&T has net increased capacity of 29 beds in Thomas Jefferson Hall where the South Tower will be returned to service and the North Tower West wing will close for renovation. UMKC and UMSL have no change in their capacity. All of the combined campus changes bring the capacity to 8,960 beds. Detailed below is the anticipated residence hall occupancy for fiscal year 2011.

	<u>MU</u>	<u>UMKC</u>	<u>MS&T</u>	<u>UMSL</u>	<u>Total</u>
Residence Hall Occupancy	6,347	839	1,450	324	8,960
Percent of Capacity	98.9%	94.9%	98.8%	72.8%	97.3%
Change in Occupancy Rate from FY2010	5.2%	-0.3%	-0.5%	0.0%	3.6%

The apartment capacity is unchanged from FY2010, but occupancy rates are anticipated to increase by 1.1% for FY2011. Expected occupancy rates at MU, Missouri S&T, and UMSL are 94.8%, 97.2% and 92.1%, respectively.

Financial Plans

Tables 3 – 3d present the housing system financial plans for the system in total and each campus. The MU and Missouri S&T financial plans show a balanced budget plan with a 2.8% decrease in revenues and expenditures and transfers for MU and an increase of 4.4% in revenues and expenditures and transfers for MO S&T for FY2011. UMKC's financial plans show an increase in net assets in spite of the \$1 million increase in mandatory transfers for debt service on their new Residence Hall. Consolidated revenues for the housing system are projected to decrease by -0.6% for FY2011. UMSL shows anticipated revenues higher than expenditures and transfers which is important to fund their master plans. Combined housing system expenditures and transfers for the campuses are projected to not increase for FY2011.

Notes:

- 1) Reflects the closing of Cramer / Stafford / Gillett, opening of Hudson and a reduction in Extended Campus Housing for a net capacity reduction of 940 beds.
- 2) Non-resident meal plan revenue decreases with the opening of the renovated Student Center and contract cancellations have decreased due to reduced capacity.
- 3) Campus Facilities estimates utilities to increase 5.2%.
- 4) Reduction in Extended Campus Housing program resulted in the reduction of rent expense by \$1,600,000.
- 5) Debt Service increased with new payments for Rollins and Mid Campus bonds.
- 6) Campus Dining earnings (transfers to reserves) decreased due to reduction in capacity.

Notes:

- (1) FY2010 and FY2011 includes an increase in the number of meals being offered; Inflationary increase of 3.9% in FY2011.
- (2) FY2010 decrease due to a lower residence hall occupancy. FY2011 revenue increase due to room rate increases.
- (3) FY2010 and FY2011 includes occupancy increases; FY2011 reflects apartment rate increases.
- (4) Includes campus support for Oak Hall, revenue for space occupied by Conferences, and miscellaneous revenue. FY2010 and FY2011 decrease due to a reduction in campus support.
- (5) FY2010 and FY2011 reflect a reduction in Residential Life staff.
- (6) FY2010 and FY2011 includes an increase in utilities to outside vendors and the loss of conference revenue that absorbed a portion of utility costs.
- (7) FY2010 and FY2011 reflect a reduction in professional services, maintenance staff, and telephone expenses. FY2011 includes increases in meal plan costs and the charge for wireless service at Oak Hall.
- (8) FY2010 and FY2011 decrease associated with internal loans maturing.
- (9) Reduction in residence hall capacity represents Villa Hall being taken offline for Conferencing.
- (10) Increase in capacity, from FY2008, due to the addition of 18 units at University Park apartments for student housing.

Activity, Facility, and Health Service Fee Highlights

Table 4 shows a summary of activity, facility, and health services fees by term for FY2010 and FY2011, while Tables 4a-4d present details of these activity, facility and health service fees. Required fees were not increased with the exception of the assessment of new fees previously approved by student referendum on 3 of the 4 campuses. Per semester increases in student activity, facility and health service fees for undergraduate students vary by campus, with fee adjustments ranging from no increase at MU, a \$165 or 61.3% increase at UMKC for the new Student Union Fee, \$19.15 or 5.0% at Missouri S&T for the new Intramural Facility operating fee and \$18.00 or 4.2% at UMSL for the new Metro Pass Program fee.

Fees are assessed predominantly on a per credit hour basis with a plateau of 12 credit hours per semester and 6 credit hours for the summer session. However, at MU the graduate and professional student plateau is 9 credit hours per semester and the summer session plateau is 7 credit hours for all students. Some fees are assessed at a flat rate per semester.

Activity, facility, and health service fees at MU in total will remain flat for undergraduates for the fall and summer semesters and decrease -0.2% or -\$0.90 for graduate and professional students in the fall semester and decrease -0.3% or -\$0.60 in the summer session fees.

At MU, Student Activity Fees include fees to fund: Student Government, Student Organizations, Readership Program, Sports Clubs, Associated Students, Capital Improvements, Divisional Councils, Transportation System, Memorial Union, Student Life, Counseling Center, Jesse Auditorium, and the Parking Garage.

At MU, the student activity fee, recreation activity and facility fee, and the health service fee will remain flat with the exception of the graduate student activity fee which decreased slightly due to a change in the credit load figures used to calculate the 9 hour credit charge amount. The student fee review committee recommended an inflationary increase, but that was not proposed due to the agreement with the Governor to keep undergraduate fees flat.

The Recreation Activity and Facility and Health Service fees will remain the same as the FY2010 rates. The Student Fee Review Committee and the MSA Senate support these proposals.

At UMKC, the activity, facility, and health service fees in total will remain the same as the FY2010 rates with the exception of the new Student Union Fee. This fee of \$13.75 per credit hour (\$165/semester) was approved by a student referendum in November 2007 and by the Board during the approval of the project. The fee is to be assessed beginning Fall 2010 when the building is set to open.

At Missouri S&T, the activity, facility, and health service fees in total will increase by \$19.15 or 5.0% for the undergraduate fall semester and increase by \$8.70 or 5.3% for the summer semester. The overall fee increases for the graduate students were \$20.90 or 5.6% for the fall semester and \$8.70 or 5.3% for the fall semester. The increases in the activity, facility, and health service fees vary from -\$4.70 to \$22.70. The increase is in the Intramural Facility fee and is due to the assessment of a new fee to defray the operating expenses of their newly opened fitness center. This fee was passed by a student referendum in November 2008 that endorsed fees being increased by up to \$30.00 per semester to help in the funding of improvements to the fitness, intramural and recreation facilities and programs. The fitness center was completed in October 2009. The new fee will fund operating expenses associated with the new fitness center and programs. The fee was endorsed by the Student Fee Board and the Student Council.

Other changes include a decline in the student activity fee of \$4.70 of which \$2.90 was reallocated to fund an increase in the University Center Fee. Also, the Rollamo Year Book fee, charged to undergraduate students in the fall semester will decline by \$1.75.

At UMSL, activity, facility, and health service fees in total will increase by \$18.00 or 4.2% for fall semester and increase by \$9.00 or 4.2% for the summer semester. At UMSL the activity and health service fee schedule includes one new fee; the Metro Pass Program Fee. The Metro Pass Program Fee was passed by student referendum in April 2008. The fee of \$2.00 per credit hour will be assessed beginning Fall Semester 2010. The Infrastructure fee will be decreased by \$0.50 per credit hour. This decrease will be added to the Metro Pass Program fee to help finance the program. All remaining fees on the schedule will remain flat for FY2011.

The activity, facility, and health service fees reported in this document were approved by the Board of Curators at their April 16, 2010 meeting.

Notes:
 Inflationary increase of 2.72% recommended by the SFRC will not be requested in order to comply with President Forsee's and Governor Nixon's zero tuition and required fee increase agreement. The Graduate Student Activity Fee decreased slightly due to a change in the credit load figures used to calculate the 9 hour credit charge amount.

Notes:
 (1) The Metro Pass Program Fee was passed by student referendum in April 2008. The \$2 per credit hour will be assessed beginning Fall Semester 2010.
 (2) The Infrastructure fee will be decreased by \$0.50 per credit hour. This decrease will be added to the Metro Pass Program fee to help finance the program.
