INSTRUCTIONS FOR COMPLETION

The University of Missouri campuses have implemented a new integrated procurement system. Within this system, there are several large databases, of which the vendor database and the Commodity/Service database are the most critical. All Bidders and Suppliers **MUST** be registered in the automated system in order to do business with the University of Missouri.

Bidders and Suppliers are registered along with the Commodities and/or Services they can provide. This information is useful in developing and maintaining current and accurate bid lists. To help accomplish this task, we request that you complete and return the Bidder and Supplier Registration Application and the Commodity/Service List forms to the address provided below.

Instructions for completing the Bidder and Supplier Registration Application are included within the Form.

To complete the Commodity/Service List, place a checkmark by the class(es) of Commodities and/or Services your company supplies. The University uses a five digit numeric code which consists of a 3-digit class and a 2-digit item code. The Class code represents the broad categories of commodities and services. The two-digit Item Code further defines the commodity and/or service within the class.

Reminder: Be sure to return both the Bidder and Supplier Registration Application and the Commodity/Service List forms.
