Part A**Part A - Establish Your Groups.**

Due to requirements included in the Higher Education Opportunity Act (HEOA), there are now multiple groups of students on which you must report financial aid data. Use Part A to establish these groups below.

Institutions need to report aid on this component such that their net price calculations shown on College Navigator and used for the College Affordability lists is a reflection of what students actually pay.

Report the number of students in each of the following groups:

	Fall 2008	Fall 2008 counts reported on Fall Enrollment	Fall 2007 counts reported on PY SFA
01 Group 1. All undergraduate students enrolled in Fall 2008.	<input type="text" value="9,261"/>	9,261	9,094
02 Group 2. Of those in Group 1, those who are full-time, first-time degree/certificate-seeking undergraduates.	<input type="text" value="974"/>	975	916
02a Of those in Group 2, those who received any Federal Work Study, loans to students, or grant or scholarship aid from federal, state or local governments, the institution, or other sources known to the institution.	 <input type="text" value="830"/>		827
03 Group 3. Of those in Group 2, those paying the in-state or in-district tuition rate who received grant or scholarship aid from federal, state or local governments, or the institution. Exclude other sources of grants. (Data on Group 3 will be used to calculate net price as required by HEOA.)	<input type="text" value="622"/>		
04 Group 4. Of those in Group 2, those paying the in-state or in-district tuition rate who received Title IV federal student aid. (Data on Group 4 will be used to calculate net price by income as required by HEOA.)	<input type="text" value="518"/>

- full-time, first-time degree-seeking students enrolled in Fall 2008.
- grants and scholarships from federal, state, local governments and from your institution; **do not include aid from other sources.**
- loans to students from the federal government and from other sources (including private lenders).

Column 1: For each type of aid, report the **number of students receiving aid** anytime during the full 2008-09 aid year. The percentage (column 2) and average amount of aid received (column 4) will be calculated for you. Because students may receive more than one type of aid, the sum of the detail will not necessarily equal the total number of students for the category. However, the total number of students reported for the aid category cannot exceed the sum of detail numbers (e.g., number receiving Federal grants cannot exceed Number of students receiving Pell Grants + number receiving Other Federal grants).

Column 3: For each type of aid, report the **total amount of aid** received by these students anytime during the entire aid year. Total amounts for each category will be calculated from detail amounts you report as follows (CV indicates calculated dollar value):

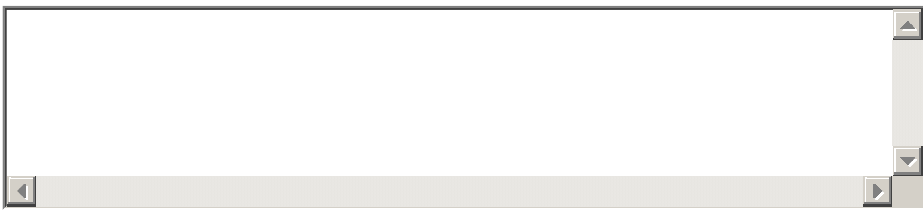

CV 01=02+03+04

CV 02=02a+02b

CV 05=05a+05b

Explanation Report

Number	Source	Location	Description	Severity	Accepted
Screen: Part A - Establish your groups					
1	Row 6 Column 3	Screen Entry	The calculated percentage of students who received any aid is outside the expected range when compared to last year's value. Please fix or explain.	Explanation	Yes
Reason: The drop in the percentage of the cohort who received aid is due to a near double increase of Nonresident alien students, from 14 in Fall 2007 to 27 in Fall 2008.					
Screen: Part C - Financial Aid About Group 2, Page 2					
2	Row 14 Column 7	Screen Entry	The average amount of this aid type is outside the expected range when compared to last year's value. Please verify that the values reported for the number of students and the total amount of aid received are correct.	Explanation	Yes
Reason: This is a reflection of prior increases of funding to the Federal Pell Grant program.					
3	Row 19 Column 7	Screen Entry	The average amount of this aid type is outside the expected range when compared to last year's value. Please verify that the values reported for the number of students and the total amount of aid received are correct.	Explanation	Yes
Reason: Due to a lack of availability of private loans in a down economy, more students relied on federal loan programs. Also, the larger than normal increase is due to that some of the student cohort includes undergraduate 6-year medical students who pay a higher tuition & fee rate.					
4	Row 20 Column 7	Screen Entry	The average amount of this aid type is outside the expected range when compared to last year's value. Please verify that the values reported for the number of students and the total amount of aid received are correct.	Explanation	Yes
Reason: The decrease is due to a lack of availability in private funding of loans due to a down economy.					
5	Row 18 Column 5	Screen Entry	The average amount of this aid type is outside the expected range when compared to last year's value. Please verify that the values reported for the number of students and the total amount of aid received are correct.	Explanation	Yes
Reason: The larger than normal increase is due to that some of the student cohort includes undergraduate 6-year medical students who pay a higher tuition & fee rate.
