**Overview****Graduation Rates Overview**

The Graduation Rates component of the IPEDS survey collects data on the cohort of first-time, full-time, degree/certificate-seeking undergraduates and tracks them for 150% of the normal time of their program to see how many complete. This information is collected as part of the Student-Right-to-Know Act.

**Data Reporting Reminders**

Once a student is in the cohort, they remain in the cohort, even if they switch to part-time or drop out. However, adjustments can be made to the initial cohort for exclusions, which include the death of a student, permanent disability, military deployment, or an official church mission.

**Section II - Graduation Rate - Transfers/exclusions**

- In the columns below, report the status of the BACHELOR'S DEGREE-SEEKING STUDENTS reported in the subcohort in Column 10, who did not complete a program as of 150% of normal time to completion.
- Report transfers-out who did not complete a program in Column 30. If the mission of your institution includes providing substantial preparation for students to enroll in another eligible institution WITHOUT having completed their programs, you must report transfer-out data in Column 30. A school is required to report only on those students that the school knows have transferred to another school. A school must document that the student actually transferred. If it is not part of your mission, you may report transfer-out data if you wish.
- Report exclusions from the cohort in Column 45. The ONLY allowable categories for this column are:  
students who died or became permanently disabled  
students who left school to serve in the armed forces (or have been called up to active duty)  
students who left school to serve with a foreign aid service of the Federal Government  
students who left school to serve on an official church mission
- Column 52 [No longer enrolled] will be calculated for you. This includes students who have dropped out or who completed in greater than 150% of normal time.
- If you do not have any values to enter in either Columns 30, 45, or 51, you must enter at least one zero in a field on this screen
