Subject: New One Card program coming soon for travel and purchasing

[View this message in a browser.](#)

University of Missouri System

COLUMBIA | KANSAS CITY | ROLLA | ST. LOUIS

The University of Missouri System is migrating from separate travel and purchasing cards to an integrated One Card program, administered by the university's current card supplier, JPMorgan. This program will give us the ability to have cards with options for purchasing only, travel only, or a combination of both.

The key benefits of migrating to a One Card Program will be:

- Implementation of Chip technology for more secure transactions and increased acceptance for international use.
- Ability to combine travel and purchasing transactions, with separate controls, on a single card.
- Streamlined card management.

The One Card program migration will begin this fall. By March 2017, all purchase and travel cards will be migrated. Additional information will be provided as the project moves forward.

If you have questions, please contact the Finance Support Center.
