

Design Team Information

A group of individuals called the Design team, were identified In January 2017 to assist in the business process redesign and deployment of the new One Card Reconciliation process. The Design team is comprised of individuals from each campus, representing areas in Finance ranging from end users to division fiscal officers.

The responsibilities of the group are as follows:

- a. Review design and technical work of the Project Core Team
- b. Make recommendations and finalize the Future State
- c. Develop business process suggestions for users
- d. Make recommendations for enforcement & transaction monitoring
- e. Determine reporting needs
- f. Serve as campus liaisons for communication and training

Design Team members are shown in the table below:
