

Amazon Business: FAQ's

How do I create my Amazon Business account?

Access Amazon Business by clicking the link directly from Show Me Shop. The first time you “punchout” to Amazon Business, you will be prompted to create an Amazon Business account. **Use your school email address and create a password.** You will not need to enter your email address or password on subsequent visits.

I already use my school email address to make PERSONAL Amazon.com purchases.

If your **school email** address is already associated with an Amazon.com account, you will have the option to split off and transfer any purchase history to a separate account. You will be prompted to enter a new, personal, email address (e.g. gmail.com or Hotmail.com).

The first time you access Amazon Business via Show Me Shop you will be assisted through this process. Your **official University email** address will then only be associated with the University Amazon Business account.

If you are unsure of how to activate your account or use Amazon Business, please see the attached reference guide or the accompanying videos to [Get started with Amazon Business](#).

I previously used my school email address to register for a verified Amazon Business account.

If you previously used your **school email** address to register for a verified Corporate Amazon Business account, you will need to de-register that account. All previous, stand-alone, Amazon Business accounts will be consolidated under the new, centralized account. Visit <https://amazon.com/gp/b2b/manage/deregister> to complete the de-registration process before punching-out to Amazon Business for the first time.

I don't have access to PeopleSoft or Show Me Shop. How can I make purchases from Amazon Business?

In order to make purchases from Amazon Business you will need to request access to Show-Me Shop (SMS). There are two options available:

Shopper Only: Direct access to SMS, but will require sending your cart to Requester. Work with your dept to complete a Shopper Only Access Form.

Requester: Create requisitions yourself, including SMS. Work with your PS Access Requester (PARS Requester) to obtain the eProcurement Requester role.

I already make purchases with Amazon using my One Card. Will I still be able use that card?

Effective March 1, 2018, the University One Card will no longer be allowed as a payment method for Amazon purchases.

Are there any spend limitations?

Requisition lines with an extended cost over \$5,000 will be routed through Supply Chain for review and approval before processed.

What do I do if I bought a Prime Membership with a personal credit card?

If you are using your school email for your personal Amazon account and purchased a Prime Membership with your personal credit card, the membership will follow the payment method. You must first change your school email address to a personal email account prior to punching out through Show Me Shop
