9. **Payment:** Preferred settlement method is through the use of Electronic Accounts Payable solutions. The University encourages suppliers to opt into its Single-Use Account (SUA) credit card program for payment of invoices. The SUA is an electronic, credit card-based payment solution that acts like a check. It provides a single 16-digit virtual account number for each payment. Similar to a check, the credit limit on each SUA is set to the specific payment amount. Payment terms for Suppliers who participate in the SUA program are Net 0 as opposed to the standard Net 30 terms. An alternative electronic solution is payment through Automated Clearing House (ACH). Payment terms associated with settlement via ACH or check will be considered to be Net 30 days. Earlier settlement will be considered if cash discounts for prompt payment are offered. Cash discounts for prompt payment will not be considered in determination of award unless specifically stated in the Detailed Specifications and Special Conditions.

The University may withhold payment or make such deductions as may be necessary to protect the University from loss or damage on account of defective work, claims, damages, or to pay for repair or correction of equipment or supplies furnished hereunder. Payment may not be made until satisfactory delivery and acceptance by the University and receipt of correct invoice have occurred.

10. **Accounting Practices:** The Contractor shall maintain, during the term of the contract, all books of account, reports, and records in accordance with generally accepted accounting practices and standard for records directly related to this contract. At the sole option of the University, the functional/technical review team may decide to go on a site visit, at their expense, or request vendors to perform a presentation/demonstration to confirm specifications are met as provided in responses. The University could elect to not award to a potential respondent if site visits revealed compliance inconsistency.

The University may request vendors selected as finalists to come onsite to the University, at the vendor’s expense, for presentations as part of the RFP selection.

Proposals will be awarded based upon the functional and financial evaluation.
6. CONSULTANT’S LIABILITY AND INSURANCE REQUIREMENTS –

Liability:
The Consultant agrees to define, indemnify, and hold harmless the University, its officers, agents and employees from and against all losses and expenses (including costs and attorney’s fees) resulting from any injury (including death) to any person, or damages to property of others arising out of the acts or omissions of the Consultant, its employees, or agents in performance of the work under this Agreement.

Insurance:
The Consultant shall provide and maintain, during the life of the Agreement, insurance acceptable to the University which will afford protection and coverage in accordance with the requirements set forth below:

Commercial General Liability Coverage comparable to Comprehensive General Liability coverage to protect the Consultant and any Sub-consultant performing work covered by this Agreement from claims for damages for personal injury, bodily injury (including wrongful death), and from claims for property damage which may arise from the operation under the Agreement. The coverage will provide protection for all operations by the Consultant or any Sub-consultant or by anyone directly or indirectly employed by either of them. In addition, the coverage is to include "The Curators of the University of Missouri" as "Additional Insured." The amount of the insurance shall not be less than a minimum of $1,000,000 combined single limit, per occurrence and aggregate, for both bodily injury and property damage combined.

In lieu of the “Additional Insured” endorsement, an Owners-Contractors-Protective policy may be provided evidencing “The Curators of the University of Missouri” as the Named Insured.

Professional Liability Insurance will be provided by the Consultant to cover any claims, including but not limited to errors and omissions, which may arise from the work performed by the Consultant, Sub-consultant, or anyone directly or indirectly employed by them. The coverage provided will not be less than $1,000,000 per occurrence and aggregate.

All insurance shall be procured through agencies and be written by insurance companies which are acceptable to and approved by the University, e.g., all coverage should be placed with Insurance Carriers that are licensed to do business in the State of Missouri as an admitted Carrier and all coverage placed are subject to the University's approval as to form and content, as well as Carrier. All required coverage shall be obtained and paid for by the Consultant.
The Consultant shall furnish the University with certificates, policies or binders which indicate the Consultant and/or the University and other Consultants (where required) are covered by the required insurance showing type, amount, class of operations covered, effective dates and dates of expiration of policies prior to the University issuing a Notice to Proceed.

7. PAYMENT TERMS AND CONDITIONS

Payment in full will be made within thirty (30) days after receiving invoices for good/services rendered as meeting all performance specifications. The University reserves the right to withhold a portion of the payment until the services have been completed. Any different payment terms desired by the respondent must be clearly stated and may or may not be accepted by the University.

Preferred settlement method is through the use of Electronic Accounts Payable solutions. The University encourages suppliers to opt into its Single-Use Account (SUA) credit card program for payment of invoices. The SUA is an electronic, credit card-based payment solution that acts like a check. It provides a single 16-digit virtual account number for each payment. Similar to a check, the credit limit on each SUA is set to the specific payment amount. Payment terms for Suppliers who participate in the SUA program are Net 0 as opposed to the standard Net 30 terms. An alternative electronic solution is payment through Automated Clearing House (ACH). Payment terms associated with settlement via ACH or check will be considered to be Net 30 days. Earlier settlement will be considered if cash discounts for prompt payment are offered. Cash discounts for prompt payment will not be considered in determination of award unless specifically stated in the Detailed Specifications and Special Conditions.

The University may withhold payment or make such deductions as may be necessary to protect the University from loss or damage on account of defective work, claims, damages, or to pay for repair or correction of equipment or supplies furnished hereunder. Payment may not be made until satisfactory delivery and acceptance by the University and receipt of correct invoice have occurred.

SUPPLIER DIVERSITY PARTICIPATION FORM

The University of Missouri System is committed to and supports supplier diversity because it is essential to the University’s mission and core values. The University’s Supplier Diversity efforts reflect this mission.

Tier 2 Supplier Diversity Information - The University strongly encourages Supplier Diversity participation in all of its contracts for goods and services. Tier 2 Spend is spend reported by primary suppliers of the University of Missouri who subcontract work to, or make purchases from a diverse supplier. Depending upon the contract, primary suppliers will be asked to submit Tier 2 information with Women and Diverse Owned companies. - **Indirect dollars** - based on a percentage of revenue the University represents to the supplier. An example is as follows:
  - Supplier's Total Revenues: $10,000,000
  - Revenues from University $: $ 4,000,000
  - University % of Total Revenues: 40% (#2 divided by #1)
  - Total MBE Dollars $: $ 150,000
  - Total WBE Dollars $: $ 150,000
  - Total University Attributable MBE $: $ 60,000 (#3 multiplied by #4)
  - Total University Attributable WBE $: $ 60,000 (#3 multiplied by #5)
  - Total University Attributable MWBE $: $ 120,000 (Sum of #6 and #7)
