

# Why E&I and Connection

Sourcing. Strategy. Savings.®

## » Your Source for Complete Technology Solutions

E&I's competitively awarded Connection contract for computer hardware, software, and peripherals grants access to more than 300,000 computer systems and peripheral products from hundreds of manufacturers, as well as to Connection's solutions services.

We specialize in fulfilling the unique IT needs of educational institutions from design to deployment. Our extensive experience managing contracts provides the expertise and knowledge to adequately address the various needs facing IT procurement professionals. Customer requirements are fulfilled efficiently through a variety of purchasing mechanisms that result in accurate departmental billing and shipment support documentation. Call 1.800.986.2289 today for eligibility requirements.
