### Recap of the Meeting with President Wolfe

- Next meeting we will need to provide 2 topics from each campus for President Wolfe to address
  - Front-line managers is vital, but they were not included in the succession planning or mentoring program
  - Greg Holiday & Jill Woods will be building career paths so employees have the opportunity to envision potential career options. Greg will be creating a leadership plan that will include employees who want to become a manager
  - ISAC will invite Greg to be a guest at one of our upcoming meetings
  - Integrated Talent Management System- the direction that we are wanting to go
  - GGS Project-regardless of performance some staff members received raises to be brought up to par. This was not based upon performance, and they will be revisiting how to better compensate harder working employees
  - MU campuses did not give raises if they were not able to support this within the department
