**Low-Level Radioactive Waste Acquisition and Disposal Service**

***DESCRIPTION OF SERVICE AND TIME PERIOD:***

This specification is for the acquisition, transport, processing and disposal of low-level radioactive waste generated by the University of Missouri (University) on its campus, provided that the University of Missouri has access to waste disposal facilities. If the University does not have access to a licensed disposal facility or the disposal facility closes during the contract period, the contract will be for the transportation and “process and return” of radioactive waste back to the University of Missouri at Columbia, MO.

The University reserves the right to separately bid wastes similar to, but not specified within this document.

Generating locations at the time of this writing are the Research Reactor (MURR), Research Park Development Building (EHS-RPDB) and Resource Recovery Center (EHS-RRC). Bidders may make bids on all or part of the radioactive waste classifications contained herein. The University of Missouri will issue two (2) Contract Purchase Orders from this bid. One for MURR and the other for EHS-RPDB and EHS-RRC.

The term of the agreement shall be for a five-year period with an effective beginning date of the first day of the first month following the date of award unless otherwise specified. This effectively constitutes the start of the “contract year.” After the initial term, the contract may be automatically renewed for each of three additional one-year periods unless either party provides written notice at least 90 days in advance of intent to terminate the contract at the end of the current contract year.

The Vendor may submit a price increase proposal not to exceed 3% of each individual waste stream price, from the previous year no less than 60 days prior to the start of the next contract year. Any such request must include justification for each price increase. The University shall then accept or reject, in writing, the new price proposal within 30 days. If rejected, the contract will terminate at the end of the current contract year. Otherwise, this contract shall automatically renew unless cancelled per the conditions in the following paragraph. In the event of sustained substantial increases in the cost of one or more commodities required to provide the services described in this specification, the University may, at its option, consider a price increase of more than 3% provided the Vendor provides written documentation of the validity of such sustained increase(s) in cost to the Vendor.

SUPPLIER DIVERSITY PARTICIPATION FORM**

The University of Missouri System is committed to and supports supplier diversity as an essential part of the University’s mission and core values. The University’s Supplier Diversity efforts reflect this mission.

Tier 2 Supplier Diversity Information - The University strongly encourages Supplier Diversity participation in all of its contracts for goods and services. Tier 2 Spend is spend reported by primary (non-diverse) suppliers of the University of Missouri who subcontract work to or make purchases from a diverse supplier. Depending upon the contract, primary (non-diverse) suppliers will be asked to submit Tier 2 information with Minority and Diverse Owned companies. Suppliers have two options in reporting Tier 2 dollars depending on the terms of the contract: Direct and Indirect.

- Direct dollars - those dollars directly spent with Women and Diverse Owned suppliers in the fulfillment of the contract.
- Indirect dollars - based on a percentage of revenue the University represents to the supplier. An example is as follows:
  1. Supplier's Total Revenues: \$10,000,000
  2. Revenues from University \$: \$ 4,000,000
  3. University % of Total Revenues: 40% (#2 divided by #1)
  4. Total Minority and Diverse owned Dollars \$: \$ 400,000
  5. University % Attributable Revenue: 1% (#4 divided by #2)

1. Does your company have a Supplier Diversity Program? If so, describe efforts your company has made to increase business with Minority and Diverse Owned businesses (i.e. does your company have a policy statement, participate in outreach activities, promote diverse subcontracting, publicize bid opportunities, provide certification assistance, etc.?) Provide examples (use additional pages if needed):
