Addendum 1, dated October 25, 2021

QUESTION	ANSWER
Are any graphics to be included?	The only graphics to be included are the distance markers.
What type of vinyl is preferred?	5 year warranty outdoor vinyl is preferred.
There are varying heights for different areas of the field, but I did not see any heights called out in the bid docs. Who determines these heights throughout the stadium? - Some areas we can match what is there, but other areas do not have existing pads to go off of.	Match existing height of pads or pad the entire wall since all of the new padding is on short walls. There is only one small portion of wall that is not padded and over 10 feet tall. The pads should continue at the same height as they are on the rest of the building in this area.
