The University Hospital has one clean room with two laminar flow hoods, Missouri Orthopedic Institute has one clean room and one laminar flow hood, Ambulatory Infusion unit has two clean rooms and three hoods, and Women’s and Children’s Hospital has two clean rooms with one hood in the negative pressure room and two hoods in the positive pressure room. The awarded vendor must have training in proper pharmacy sterile room cleaning and garbing as required per USP 797 and USP 800 standards. Knowledge of material safety data sheet (SDS) regarding cleaning supplies used and personal protective equipment needed during cleaning.

Monthly cleaning includes all surfaces inside the buffer, ante, and segregated compounding areas. Monthly cleaning does not have to be done in one day. The components of monthly cleaning need to be done approximately every 4 weeks. The facilities’ policies and procedures should specify when the cleaning activities will be done. For example, if walls and ceilings are to be cleaned the first week of March and the last week of April this is not approximately every 4 weeks. If monthly cleaning is not performed by trained compounding personnel, then these persons must be trained and evaluated in hand hygiene and garbing and cleaning and disinfecting. The recommended order of monthly cleaning is as follows:

- Bins (everything must be taken out)
- Equipment (chair legs, wheels, outside of PEC, door handles, vents)
- Ceiling
- Walls
- Floors

Cleaning should start in the cleanest area (buffer room) and go to the dirtiest area (ante room). A germicidal detergent and disinfectant (may be a one-step product) that is appropriate for bacteria, viruses, and fungi shall be used. If dilution is required tap water may be used. When cleaning use unidirectional strokes. The material used for cleaning shall be non-shedding (no wooden handles) and the equipment shall be either dedicated or disposable. The equipment used for cleaning shall not be removed from the above areas except for disposal. Personnel shall be garbed the same for cleaning as for sterile compounding. No compounding shall occur while cleaning is being performed. The rooms or areas should be left to rest in a clean state over night if possible. If this is not possible, then the rooms should be left to rest for at least 20 minutes before anyone is allowed to enter. Cleaning shall be documented.

SUPPLIER DIVERSITY PARTICIPATION FORM**

The University of Missouri System is committed to and supports supplier diversity as an essential part of the University’s mission and core values. The University’s Supplier Diversity efforts reflect this mission.

Tier 2 Supplier Diversity Information - The University strongly encourages Supplier Diversity participation in all of its contracts for goods and services. Tier 2 Spend is spend reported by primary (non-diverse) suppliers of the University of Missouri who subcontract work to or make purchases from a diverse supplier. Depending upon the contract, primary (non-diverse) suppliers will be asked to submit Tier 2 information with Minority and Diverse Owned companies. Suppliers have two options in reporting Tier 2 dollars depending on the terms of the contract: Direct and Indirect.

- Direct dollars - those dollars directly spent with Women and Diverse Owned suppliers in the fulfillment of the contract.
- Indirect dollars - based on a percentage of revenue the University represents to the supplier. An example is as follows:
 1. Supplier's Total Revenues: \$10,000,000
 2. Revenues from University \$: \$ 4,000,000
 3. University % of Total Revenues: 40% (#2 divided by #1)
 4. Total Minority and Diverse owned Dollars \$: \$ 400,000
 5. University % Attributable Revenue: 1% (#4 divided by #2)

1. Does your company have a Supplier Diversity Program? If so, describe efforts your company has made to increase business with Minority and Diverse Owned businesses (i.e. does your company have a policy statement, participate in outreach activities, promote diverse subcontracting, publicize bid opportunities, provide certification assistance, etc.?) Provide examples (use additional pages if needed):

2. If you are a non-diverse owned company, what percentage of your company's total contracting and procurement spend for the prior year was with Minority and Diverse Owned businesses? _____
Are you able to provide this information specific to University of Missouri business? _____

3. If you are a non-diverse owned company, complete the following table indicating the percentage your company will subcontract with certified Women and Diverse Owned businesses should your company be the successful bidder. Note: If your company does not plan to use Women and Diverse Owned businesses to fulfill your contract obligations, please explain why not.
