ADDENDUM NUMBER 1

DATED DECEMBER 2, 2021
TO
SPECIFICATIONS TO REQUEST FOR BIDS #22049
FOR
UM SYSTEM TITLE IX STUDENT TRAINING

The above entitled specifications are hereby modified as follows and except as set forth herein otherwise remain unchanged and in full force and effect.

Questions and Answers

1. **Question:** Can the University provide a list of courses currently offered to students?

   Answer: The University of Missouri System offers to all students access to several courses specifically created for a variety of audiences regarding sexual violence prevention, as well courses that focus on the areas of consent, bystander intervention, healthy relationships, stalking and sexual harassment. The courses are also available to faculty and staff

2. **Question:** Are there any additional courses the University would like to offer students?

   Answer: To be determined

3. **Question:** Does the University prefer Attachments D and E submitted in Excel or PDF format? If Excel, is an electronic signature acceptable, or a note that the printed version is signed?

   Answer: Excel is preferred

4. **Question:** Will you accept exceptions to your stated terms and conditions, and if so, where would you like them listed in the RFP response?

   Answer: Yes. You may submit modifications. All revisions will be reviewed by UM legal before any acceptance. You should include them with Volume 1 as a separate PDF, labeled appropriately. Additional user agreements, terms, etc. should also be included

5. **Question:** How many students are you anticipating providing the program to?

   Answer: Any incoming student to a University of Missouri system institution is provided access to the required programming. All students, faculty, and staff of the University of Missouri system historically have been able to access the vendor's training library.

6. **Question:** To fully implement the program by May 1, 2022, when do you anticipate awarding the contract?

   Answer: There is not a specific timeline but we are planning to award as soon as our evaluation is completed

7. **Question:** If we intend to provide both a vendor-hosted and a customer-hosted solution, is there additional IT information required beyond what is included in the provided spreadsheet, or do we simply complete the Attachment D spreadsheet provided?

   Answer: The IT department will contact if additional information is needed once your documents are submitted. If you are proposing both, I recommend submitting two ITSRQs to ensure all information is captured
