

ADDENDUM II
DATE: June 5, 2023
FOR RFQ #23101
DESIGN & DEVELOPMENT OF THE NEXT GENERATION
UNIVERSITY OF MISSOURI RESEARCH REACTOR
DATED: April 10, 2023
TO
THE CURATORS OF THE UNIVERSITY OF MISSOURI ON BEHALF OF UNIVERSITY OF MISSOURI SYSTEM

The above-entitled specifications are modified as follows and except as set forth herein remain unchanged and in full force and effect:

The following are additional questions received prior to the deadline and responses to each.

#	RFQ Topic	RFQ Section	Question or Comment	Response
1	Project Team Qualifications	III (A) through (C) + V (B)(1)	RFQ Selection Criteria #1: Project Team Qualifications (400 points) is to evaluate (a) Professional qualifications and credentials of the project team and (b) Supplier Diversity Participation. It is expected that these will be based on Section III of the RFQ consisting of (A) Mandatory Qualifications, (B) Desired Criteria and (C) Desired Qualifications. It is unclear how the 400 points will be divided among these three items. For example, a Project Team that is led by a qualified international entity that fully meets (A), but not being a United States business may not be in necessary compliance under US laws and regulations, under (B) and (C) of Section III.	Yes, if entering into such contract with said foreign vendor led team is in compliance with federal and state laws.

#	RFQ Topic	RFQ Section	Question or Comment	Response
			Will the University and the Board of Curators be able to into a contract with such a foreign vendor led team and that also includes qualified US companies as subcontractors?	
2	Selection & Schedule	V.B	<p>We refer to Question 25 raised in Addendum I dated May 22, 2023:</p> <p>Comment: the wording in Section V Selection and Schedule, Point B RFQ selection criteria – Item 3 first bullet, is confusing, please kindly clarify, which of the following better reflect the University requirement.</p> <p>A) The University is requiring that the Project Team presents <u>a conceptual technical design</u> that elaborates on the proposed approach to meet the University Project goals and objectives.</p> <p>OR rather</p> <p>B) The University is requiring that the Project Team presents <u>a conceptual work plan and Management Framework</u> describing the planning and design process for this project.</p>	Option B
3			Please kindly indicate which are the University of Missouri Values.	https://missouri.edu/mission-values
