

COMPLIANCE

AT A GLANCE

PRIVACY

Do you need help interpreting a privacy regulation or determining if it applies to your work? We're here to help you:

- Navigate University of Missouri System privacy policies
- Comply with US and global privacy regulations
- Ensure proper handling of personal and sensitive data

Why it matters:

- Rapid growth in privacy laws, stay ahead of evolving legal requirements
- Build trust and strengthen confidence within the University community
- Prevent fraud and cybercrime, protect yourself and your data

Topics to consider:

- Do you know which data privacy laws apply to research in the US and in Missouri?
- Do you know which data privacy laws apply to higher education?
- Do you know how to report a data incident or data breach?

See Something? Say Something!

We encourage you share concerns, big or small, through your academic leadership, HR, or the reporting portal. Concerns to report:

- Conflict of interest
- Harassment or discrimination
- Research or academic integrity
- Privacy breaches
- financial irregularities
- Safety or facilities problems

Report a concern: umurl.us/ReportConcern

Working with youth? Hosting a camp, lab, or internship with minors? Ensuring a safe environment for all participants is everyone's responsibility. Make sure your program is in compliance. Learn more:
