200.010 Standard of Conduct

Amended Bd. Min. 3-20-81; Bd. Min. 8-3-90, Bd. Min 5-19-94; Bd. Min. 5-24-01, Bd. Min. 7-27-12; Bd. Min. 12-7-12; Bd. Min. 6-19-14; Revised 9-22-14 by Executive Order 41; Revised 11-3-15 by Executive Order 41; Amended 2-9-17; Bd. Min. 9-24-20; Bd. Min. 11-19-20; Amended 6-29-23; Amended 9-7-23.

The Standard of Conduct exists to support the mission of the University of Missouri as an educational institution. The following expectations have been established in order to protect a specialized educational environment conducive to learning which fosters integrity, academic success, personal and professional growth, and responsible citizenship.

A student at the University assumes an obligation to behave in a manner compatible with the University's function as an educational institution and voluntarily enters into a community of high achieving scholars. A student organization recognized by the University of Missouri also assumes an obligation to behave in a manner compatible with the University's function as an educational institution. Consequently, students and student organizations must adhere to community standards in accordance with the University's mission and expectations. Students and student organizations are expected to demonstrate responsibility for their actions; respect the rights and property of others; and observe federal, state, and local laws, as well as University rules and policies.

The Standard of Conduct is implemented through Section 200.020 Rules of Procedures in Student or Student Organization Conduct Matters. It is to be implemented and interpreted in a manner that supports the University's mission as an educational institution and protects the University's educational environment.

- A. Jurisdiction of the University of Missouri** generally shall be limited to conduct which occurs on the University of Missouri premises or at University-sponsored or University-supervised functions. However, the University may take appropriate action, including, but not limited to the imposition of sanctions under Section 200.020 and Chapter 600 of the Collected Rules and Regulations against students and student organizations for conduct occurring in other settings, including off campus, for the following purposes: (1) in order to protect the health, safety, welfare, and well-being of students, employees, and other members of the University community, or (2) if there are effects of the conduct that materially

interfere with or limit any person's or entity's ability to participate in or benefit from the University's educational programs, activities, or employment. Jurisdiction of conduct occurring in other settings, including off campus, may be exercised at the discretion of the University for these stated purposes, but shall not be exercised in any way that would interfere with a student's protected constitutional rights.

- B. A student organization** is a recognized student organization which has received official approval in accordance with Section 250.010 of the Collected Rules and Regulations. Action against student organizations under the Standard of Conduct and Rules of Procedure may be separate from action taken against individual members. A student organization will be considered responsible for conduct outlined in Section 200.010.C only when there are circumstances indicating that the organization should bear collective responsibility for the conduct, and not solely because its individual members engaged in prohibited conduct. To determine whether a student organization is responsible for conduct outlined in Section 200.010.C and the extent to which it should be sanctioned, all relevant circumstances will be considered, including but not limited to the following:

1. Factors weighing in favor of organizational responsibility:
 - a. The student organization, through its officers or practices or customs, by any means approved, condoned, allowed, encouraged, assisted or promoted such prohibited conduct;
 - b. The prohibited conduct was committed, permitted, encouraged, aided, or assisted by one or more student organization executive officers or by one or more members while acting with authority on behalf of the student organization;
 - c. Student organization resources, such as funds, group communications, information technology resources, or organization property or venues, were used for the prohibited conduct;
 - d. The student organization, through its officers or advisers, materially interferes or interfered with any investigation or conduct proceedings related to the prohibited conduct;
 - e. A policy, protocol, or official practice of the student organization caused or materially contributed to the prohibited conduct; and/or
 - f. In the absence of any evidence of the factors listed in subdivisions a. – e. above, the prohibited conduct was committed, participated in, encouraged, aided, or assisted by twenty-five percent or more of the student organization's members;
2. Factors weighing against organizational responsibility:

- a. The student organization had policies, protocols, or official practices in place to prevent or deter the prohibited conduct;
- b. The student organization had provided guidance, education, or training to the individual members involved to prevent or deter the prohibited conduct;
- c. The student organization took prompt and effective action to prevent or stop the prohibited conduct or mitigate its effects once the organization or its officers became aware or reasonably should have become aware of the prohibited conduct;
- d. The student organization or its officers promptly reported the prohibited conduct to an appropriate University official and any other appropriate authorities; and/or
- e. The student organization addressed any prohibited conduct of its members through an organizational sanction or punishment.

C. Prohibited Conduct for which students and student organizations, when applicable, are subject to sanctions falls into the following categories:

1. **Academic dishonesty**, including but not limited to cheating, plagiarism, unauthorized use of artificially generated content, or sabotage. The Board of Curators recognizes that academic honesty is essential for the intellectual life of the University. Faculty members have a special obligation to expect high standards of academic honesty in all student work. Students have a special obligation to adhere to such standards. In all cases of academic dishonesty, the instructor shall make an academic judgment about the student's grade on that work and in that course, which shall not be considered a sanction for prohibited conduct under this rule. The instructor shall, consistent with other policies, report the alleged academic dishonesty to the Primary Administrative Officer.

- a. The term **cheating** includes but is not limited to: (i) use of any unauthorized assistance in taking quizzes, tests, examinations or other assessments; (ii) dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments; (iii) acquisition or possession without permission of tests or other academic material belonging to a member of the University faculty or staff; or (iv) knowingly providing

any unauthorized assistance to another student on quizzes, tests, examinations, or other assessments.

- b. The term **plagiarism** includes, but is not limited to: (i) use by paraphrase or direct quotation of the published work of another source without properly crediting the author with footnotes, citations or bibliographical reference; (ii) unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials; or (iii) unacknowledged use of original work/material that has been produced through collaboration with others without release in writing from collaborators.
 - c. The term **unauthorized use of artificially generated content**, includes, but is not limited to (i) use of artificial intelligence tools or other tools that generate artificial content in taking quizzes, tests, examinations, or other assessments without permission from the instructor; (ii) submitting work for evaluation as one's own that was produced in material or substantial part through use of artificial intelligence tools or other tools that generate artificial content without permission from the instructor; (iii) using artificial intelligence tools or other tools that generate artificial content in a manner contrary to instructions from the instructor; or (iv) using artificial intelligence tools or other tools that generate artificial content in a manner that violates any other provision of these rules concerning academic dishonesty. Use of commonly available tools such as spelling or grammar checking software or features of software that propose anticipated words or phrases while text is being written will not be considered unauthorized use of artificially generated content unless such use is contrary to instructions from the instructor.
 - d. The term **sabotage** includes, but is not limited to, the unauthorized interference with, modification of, or destruction of the work or intellectual property of another member of the University community.
2. **Forgery, alteration, or misuse of University documents, records or identification, or furnishing information to the University that the student or student organization knows or reasonably should know is false.**
 3. **Physical abuse or other physical conduct which threatens or endangers the health or safety of any person.**

4. **Stalking** another by engaging in a course of conduct directed at a specific person knowing or consciously disregarding a substantial and unjustifiable risk that the course of conduct would cause a reasonable person to —(A) fear for their safety or the safety of others; or (B) suffer substantial emotional distress.
5. **Violation of the University’s Equal Employment/Education Opportunity and Nondiscrimination Policy** located at Section 600.010 of the Collected Rules and Regulations.
6. **Violation of the University’s Sexual Harassment under Title IX Policy located at Section 600.020 of the Collected Rules and Regulations.**
7. **Threats**, defined as communication of a serious expression of intent to commit an act of unlawful violence against an individual or identifiable group, such that the individual or group would reasonably fear violence, regardless of whether the communicating individual actually intends to carry out the threat, and in which the person engaging in the communication knew or consciously disregarded a substantial and unjustifiable risk that it would have such an effect on the individual or identifiable group.
8. **Participating in attempted or actual taking of, damage to, or possession without permission of property of the University or of a member of the University community or a campus visitor.**
9. **Unauthorized possession, duplication or use of keys or other means of access to any University facilities or unauthorized entry to or use of University facilities, property or resources.**
10. **Misuse of University or personal property in a manner that creates a safety hazard or unauthorized use of safety equipment.**
11. **Deliberately setting off a fire or other emergency alarm without justified reason or knowingly giving a false report of a crime or emergency.**
12. **Violation of the available written policies, rules or regulations of the University or any of its units applicable to the student under the circumstances or of material conduct standards identified in contracts or agreements the student has entered into with the University**, including, but not limited to, those governing residence in the University-provided housing, or the use of

University facilities, or student organizations, or the time, place or manner of public expression.

13. **Violation of applicable federal, state, foreign or local law or ordinance**, that directly impacts the University's activities, programs, property, students, employees, or volunteers or indicates that the individual poses a risk to the safety, welfare, or well-being of the University's students, employees, or volunteers.
14. **Manufacture, use, possession, sale or distribution of alcoholic beverages or any controlled substance under state or federal law without proper prescription or required license or as expressly permitted by law or University regulations**, including operating a vehicle on University property, or on streets or roadways adjacent to and abutting a campus, under the influence of alcohol or a controlled substance as prohibited by law of the state of Missouri. To the extent there is any inconsistency between state and federal law as to circumstances in which manufacture, use, possession, sale or distribution of a substance is expressly permitted, federal law will govern to the extent appropriate to facilitate the University's compliance with the Drug Free Schools and Communities Act and any other applicable federal law.
15. **Substantially disrupting, or inciting others to substantially disrupt:**
 - a. University operations, functions or activities including, but not limited to classes or other teaching, research, study, lectures, performances, meetings, interviews, living or learning communities, administrative business, or ceremonies or other public events, regardless of whether such operations, functions or activities are conducted in-person or through information technology resources;
or
 - b. Authorized or permissible non-University activities that occur at a location owned or controlled by the University or through information technology resources provided by the University.
16. **Failure to comply with lawful directions of University officials acting in the performance of their duties or failure to identify one's self to University officials acting in the performance of their duties when reasonably requested to do so and upon reasonable**

explanation of the reason for the request for identification.

17. **Failure to comply with and complete all sanctions and remedial actions applied under Section 200.020 or Chapter 600 within the time frame specified.**
18. **The possession or use of firearms, explosives, other weapons, or hazardous chemicals that violates federal or state law or applicable foreign law or University rules.**
19. **Hazing**, defined as an act that endangers the mental or physical health or safety of a student, or an act that is likely to cause physical or psychological harm to any person within the University community, or that destroys or removes, damages, defaces, or tampers with public or private property, for the purpose of initiation, admission into, affiliation with, or as a condition for continued membership in a group or organization. Participation or cooperation by the person(s) being hazed does not excuse the violation. Failure by a group's or organization's executive officers to intervene to prevent, discourage, and/or report hazing of which they are aware or reasonably should be aware also will be deemed a violation of this policy.
20. **Misuse of information technology resources in accordance with University policy**, including but not limited to:
 - a. Actual or attempted theft or other abuse;
 - b. Unauthorized entry into a file to use, read, or change the contents, or for any other purpose;
 - c. Unauthorized transfer of a file;
 - d. Unauthorized use of another individual's identification and password;
 - e. Use of information technology facilities to interfere with the work of another student, faculty member, or University official;
 - f. Use of information technology facilities to interfere with normal operation of any University information technology system;
 - g. Knowingly causing a virus, malware, or other means designed to disrupt, damage or gain unauthorized access to become installed in any information technology system or file; or
 - h. Violation of Section 110.005 of the Collected Rules or Regulations or other University policy governing use of computing resources.

21. Retaliation, False Reporting, Witness Intimidation or Harassment, and Interference.

- a. Retaliation is any adverse action taken against a person because of that person's participation or refusal to participate in the process set forth in CRR 200.020, provided that the exercise of rights protected under the First Amendment does not constitute retaliation prohibited under this section. Any person who engages in such retaliation shall be subject to disciplinary action, up to and including expulsion or termination, in accordance with applicable procedures. Any person who believes they have been subjected to retaliation is encouraged to notify the Primary Administrative Officer. The University will promptly respond to all claims of retaliation in accordance with this policy.
- b. False reporting is making an intentional false report or accusation in relation to this policy as opposed to a report or accusation, which, even if erroneous, is made in good faith. False reporting is prohibited.
- c. No individual, directly or through others, may take any action which attempts to or actually intimidates any potential Party or witness in the student conduct process, or which may interfere with the student conduct process.
- d. All University employees and students must be truthful and candid when making any statement or providing any information or evidence to the University throughout the student conduct process, and all documentary evidence must be genuine and accurate. The fact that a determination has been made that a student has or has not engaged in prohibited conduct is not sufficient grounds, by itself, to declare that a false statement or fraudulent evidence has been provided by a Party or witness.
- e. Charging an individual with a policy violation for making a materially false statement in bad faith in the course of any proceedings under this policy does not constitute retaliation provided, however that a determination regarding responsibility, alone, is not sufficient to conclude that any Party made a materially false statement in bad faith.

22. Attempting to commit or intentionally and materially aiding or inciting others to commit any of the forms of prohibited conduct stated in this rule.

600.020 Sex Discrimination, Sexual Harassment and Sexual Misconduct in Education/Employment Policy - for matters involving conduct alleged to have occurred prior to August 14, 2020

Executive Order 40, 4-8-14; Revised 6-19-14; Revised 9-22-14 by Executive Order 41. Revised 2-9-17 with an effective date of 3-1-17; Revised Board Minutes 9-7-23.

- A. **Sex Discrimination, Sexual Harassment and Sexual Misconduct in Education.** The University is committed to affording equal employment and education opportunities to its employees and students, and to creating an environment free from discrimination (see Section 600.010 of the Collected Rules and Regulations). In furtherance of these commitments, both University policy and applicable state and federal law, prohibit all students, employees, volunteers and visitors at the University from engaging in discrimination on the basis of any protected characteristic, including sex, pregnancy, gender identity, and gender expression. In addition, University policy and the law prohibit sexual misconduct, sexual harassment, stalking on the basis of sex, dating/intimate partner violence, and sexual exploitation, as defined in Section 600.020.B. As used in this policy, the word "sex" is also inclusive of the term "gender."

This policy applies to any phase of its employment process, any phase of its admission or financial aid programs, and all other aspects of its educational programs or activities. Additionally, this policy applies to allegations of sexual misconduct or allegations of other forms of sex discrimination, as defined in Section 600.020.B., occurring in other settings, including off-campus, if there are effects of the conduct that interfere with or limit any person's ability to participate in or benefit from the University's educational programs, activities or employment. Notices of nondiscrimination are posted online and in physical locations for the UM System and each of the campuses.

B. **Definitions**

1. **Sex Discrimination.** Sex discrimination is conduct that is based upon an individual's sex, pregnancy, gender identity, or gender expression that adversely affects a term or condition of an individual's employment, education, living environment, or participation in a University activity.

In addition, sexual harassment, sexual misconduct, sexual exploitation, stalking on the basis of sex and dating/intimate partner violence, as further defined below, are forms of sex discrimination which are prohibited under this policy.

2. **Sexual Harassment.** Sexual harassment is defined as:

- a. Unwelcome sexual advances or requests for sexual activity by a person or persons in a position of power or authority to another person; or
 - b. Other unwelcome verbal or physical conduct of a sexual nature or because of sex, pregnancy, gender identity, or gender expression when:
 - (1) Submission to or rejection of such conduct is used explicitly or implicitly as a condition for academic or employment decisions; or
 - (2) Such conduct creates a hostile environment by being sufficiently severe or pervasive or objectively offensive that it interferes with, limits or denies the ability to participate in or benefit from the University's educational programs, activities, or employment.
3. **Sexual Misconduct.** Sexual misconduct includes: 1) Nonconsensual sexual intercourse; 2) Nonconsensual sexual contact involving the sexual touching of a body part (i.e., the lips, genitals, breast, anus, groin, or buttocks of another person) or the nonconsensual sexual touching of another with one's own genitals whether directly or through the clothing; 3) Exposing one's genitals to another under circumstances in which one should reasonably know that the conduct is likely to cause affront or alarm; or 4) Sexual exploitation.
4. **Stalking on the Basis of Sex.** Stalking on the basis of sex is following or engaging in a course of conduct on the basis of sex with no legitimate purpose knowing or consciously disregarding a substantial and unjustifiable risk that the course of conduct makes another person reasonably concerned for their safety or would cause a reasonable person under the circumstances to be frightened, intimidated or emotionally distressed.
5. **Dating/Intimate Partner Violence.** Violence, threats of violence, intimidation and acts of coercion committed by a person who is or has been in a social relationship of a romantic or intimate nature with the recipient of the violent behavior.
6. **Sexual Exploitation.** Sexual exploitation occurs when one person takes nonconsensual or abusive sexual advantage of another person for one's own advantage or benefit or for the advantage or benefit of anyone other than the person being exploited and which behavior does not constitute any other form of sexual misconduct. Examples of sexual exploitation include, but are not limited to, the following activities done without the consent of all participants:
 - a. Invasion of sexual privacy;

- b. Prostituting another person;
- c. Taping or recording of sexual activity;
- d. Going beyond the boundaries of consent to sexual activity (e.g., letting your friends hide to watch you engaging in sexual activity);
- e. Engaging in voyeurism;
- f. Knowingly transmitting an STI, STD, venereal disease or HIV to another person;
- g. Inducing another to expose their genitals;
- h. Nonconsensual distribution of intimate images;
- i. Use or distribution of drugs or alcohol with intent to facilitate sexual contact without consent (i.e., predatory drugs or alcohol).

7. **Consent to Sexual Activity.** Consent to sexual activity is knowing and voluntary. Consent to sexual activity requires of all involved persons a conscious and voluntary agreement to engage in sexual activity. Each person engaged in the sexual activity must have met the legal age of consent. It is the responsibility of each person to ensure they have the consent of all others engaged in the sexual activity. Consent must be obtained at the time of the specific activity and can be withdrawn at any time. Consent, lack of consent or withdrawal of consent may be communicated by words or non-verbal acts.

Someone who is incapacitated cannot consent. Silence or absence of resistance does not establish consent. The existence of a dating relationship or past sexual relations between the Parties involved should never by itself be assumed to be an indicator of consent. Further, consent to one form of sexual activity does not imply consent to other forms of sexual activity. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another. Coercion and force, or threat of either, invalidates consent.

8. **Incapacitated or incapacitation.** A state in which rational decision-making or the ability to consent is rendered impossible because of a person's temporary or permanent physical or mental impairment, including but not limited to physical or mental impairment resulting from drugs or alcohol, disability, sleep, unconsciousness or illness. Consent does not exist when the Respondent knew or should have known of the other individual's incapacitation. Incapacitation is determined based on the totality of

the circumstances. Incapacitation is more than intoxication but intoxication can cause incapacitation.

Factors to consider in determining incapacity include, but are not limited to, the following:

- a. Lack of awareness of circumstances or surroundings (e.g., an inability to understand, either temporarily or permanently, the who, what, where, how and/or why of the circumstances; blackout state)
- b. Inability to physically or verbally communicate coherently, particularly with regard to consent (e.g., slurred or incoherent speech)
- c. Lack of full control over physical movements (e.g., difficulty walking or standing without stumbling or assistance)
- d. Physical symptoms (e.g., vomiting or incontinence).

C. **Title IX Coordinators.** Duties and responsibilities of the University's Title IX Coordinators include monitoring and oversight of overall implementation of Title IX compliance at the University, including coordination of training, education, communications and coordination with the Equity Resolution Processes for faculty, staff, students and other members of the University community and investigation of complaints of sex discrimination. The University may designate Deputy Coordinators as needed to assist in fulfillment of the Coordinator's duties and responsibilities.

NOTE: All references to "Title IX Coordinator" throughout this policy refer to the Title IX Coordinator or the Coordinator's designee.

Any person having inquiries concerning the application of Title IX should contact their respective UM System or campus Title IX Coordinator. D. Reporting Sex Discrimination, Including Sexual Harassment and Sexual Misconduct

1. **Students, Employees, Volunteers, Visitors, and Patients.** Students, employees, volunteers, visitors, and patients of the University who have experienced any form of sex discrimination, sexual harassment or sexual misconduct, are encouraged to report the incident promptly to the appropriate Title IX Coordinator listed in Section 600.020.C. above. In addition, students, volunteers, visitors, and patients of the University who have witnessed such conduct are encouraged to report the incident promptly to the appropriate Title IX Coordinator. The University will investigate and appropriately resolve all such reports pursuant to one of its Equity Resolution Processes (see Sections 600.030, 600.040, 600.050, 600.060). For questions regarding confidentiality or requests that the Complaint not be pursued, see Section 600.020.E. below. In order to foster reporting and participation, the University may provide amnesty to Complainants and witnesses for minor student conduct violations ancillary to the incident.
2. **Mandated Reporters.** Any employee of the University, except as noted below, who becomes aware of sex discrimination as defined in this policy (including sexual harassment, sexual misconduct, stalking on the basis of sex, dating/intimate partner violence or sexual exploitation) is a Mandated Reporter, regardless of whether the recipient of the behavior is a student, employee, volunteer or visitor of the University.
3. **Employees with a Legal Obligation or Privilege of Confidentiality.** Employees with a legal obligation or privilege of confidentiality (including health care providers, counselors, lawyers, and their associated staff) are not considered Mandated Reporters and are not required to report when the information is learned in the course of a confidential communication. This also means that the employee seeking the exemption is employed by the University for that specific purpose and was acting in that capacity when the confidential disclosure was made. If the information is not learned in the course of confidential communication (for example, behavior is observed in class) then the employee has the same obligation as a Mandated Reporter.
4. **Designated Confidential Employees.** Consistent with the law and upon approval from the Office of the General Counsel, campuses may also designate non-professional counselors or advocates as confidential for purposes of this policy and, therefore, excluded from the definition of Mandated Reporters. However, these individuals are required once per month to report to the Title IX Coordinator

aggregate, non-personally identifiable information regarding incidents of sex discrimination reported to them. The aggregate data report should contain general information about individual incidents of sexual violence such as the nature, date, time, and general location of the incident. Confidentiality in this context is not the same as privilege under the law.

5. **Required Reporting and Disclosure.** A mandated Reporter is required to promptly report the information to the appropriate Title IX Coordinator. The Mandated Report must be made regardless of whether the person reporting the information to the Mandated Reporter requests confidentiality and regardless of how the Mandated Reporter becomes aware of the offensive behavior (personal observation, direct information from the subject of the behavior, indirect information from a third party, etc.). If the Complainant requests confidentiality or that the charges not be pursued, the Mandated Reporter should warn the Complainant that, at this stage in the process, the Mandated Reporter must report all known information to the Title IX Coordinator.
6. **Content of Mandated Report to Title IX Coordinator.** Mandated Reporters must report all details that they possess. This includes names of the Parties, if known, and all other information in the Mandated Reporter's possession.

E. Requests for Confidentiality or Not to Pursue an Investigation

1. The Title IX Coordinator or other appropriate official should inform and obtain the consent from the Complainant before beginning an investigation. If the Complainant requests confidentiality or asks that the Complaint not be pursued, the Title IX Coordinator should take all reasonable steps to investigate and respond to the Complaint consistent with the request for confidentiality or request not to pursue an investigation. If a Complainant requests confidentiality or insist that identifiable information, such as the Complainant's name, not be disclosed to the Respondent, the Title IX Coordinator should inform the Complainant that the institution's ability to respond may be limited. The Title IX Coordinator should evaluate the Complainant's request in the context of providing a safe and nondiscriminatory environment for the University community.
2. If, after due deliberation and based on the nature and severity of the Complaint, the Title IX Coordinator determines there is a sufficient basis to proceed with the Complaint, the Title IX Coordinator may initiate an investigation notwithstanding a Complainant's request that the Complaint not be pursued. Such a decision should be well-reasoned and documented. Documentation of the decision will be maintained by the Title IX Coordinator. In such cases, the Title IX

Coordinator will inform the Complainant of the decision to commence an investigation.

Alternatively, if after due deliberation and based on the nature and severity of the Complaint, the Title IX Coordinator determines there is not a sufficient basis to proceed with the Complaint, the Title IX Coordinator may decide not to initiate an investigation and/or may also refer the Complaint to the appropriate procedural process. Such a decision should be well-reasoned and documented. Documentation of the decision will be maintained by the Title IX Coordinator. If, after due deliberation, the Title IX Coordinator decides the University cannot or should not take disciplinary action with respect to the Respondent, the Title IX Coordinator should consider other steps to limit the effects of the alleged harassment and prevent its recurrence, and remedy its effects on the victim and the University community.

- F. **Impact of Optional Report to Law Enforcement.** In accordance with federal law, the Title IX Coordinator will not wait for the conclusion of a criminal investigation or criminal proceeding to begin the Title IX preliminary investigation. It may be necessary to delay temporarily the fact-finding portion of a Title IX preliminary investigation while the police are gathering evidence. The Title IX Coordinator will promptly resume the preliminary Title IX investigation as soon as notified by the law enforcement agency that it has completed the evidence-gathering process. The Title IX Coordinator will implement appropriate interim steps during the law enforcement agency's investigation period to provide for the safety of the Complainant and the campus community and the avoidance of retaliation.
- G. **Non-compliance.** Failure to comply with this policy can result in disciplinary action. Employees also are cautioned that non-compliance with this policy may increase their risk of personal liability. Further, an individual who fails to report as required under this policy may be determined to be ineligible for defense or protection under Section 490.010 for any associated claims, causes of action, liabilities or damages.
- H. **Retaliation.** Retaliation is any adverse action taken against a person because of that person's participation in protected activity. The University strictly prohibits retaliation against any person for making any good faith report to a Title IX Coordinator or for filing, testifying, assisting, or participating in any investigation or proceeding involving allegations of sex discrimination, sexual harassment or sexual misconduct. Any person who engages in such retaliation shall be subject to disciplinary action, up to and including expulsion or termination, in accordance with applicable procedures. Any person who believes they have been subjected to retaliation is encouraged to promptly notify the Equity Officer or Title IX Coordinator. The University will promptly investigate all claims of retaliation.

Examples of prohibited retaliation include, but are not limited to, giving a lesser grade than the student's academic work warrants because the student filed a Complaint of sexual harassment; giving lower than justified performance

appraisals because a person was a witness in an investigation of alleged sexual harassment; and threatening to spread false information about a person for filing a Complaint of sexual harassment.

- I. **False Reporting.** False reporting is making an intentional false report or accusation in relation to this policy as opposed to a report or accusation, which, even if erroneous, is made in good faith. False reporting is a serious offense subject to appropriate disciplinary action ranging up to and including expulsion or termination.
- J. **Witness Intimidation or Harassment.** No individual participating in an investigation relating to a report or Complaint that a violation of this policy has occurred should, directly or through others, take any action which may interfere with the investigation. The University prohibits attempts to or actual intimidation or harassment of any potential witness. Failure to adhere to these requirements may lead to disciplinary action, up to and including expulsion or termination.
- K. **U.S. Department of Education—Office for Civil Rights.** Inquiries concerning the application of Title IX also may be referred to the United States Department of Education’s Office for Civil Rights. For further information on notice of nondiscrimination, visit <http://wdcrobc01.ed.gov/CFAPPS/OCR/contactus.cfm> and for the address and phone number of the U.S. Department of Education office which serves your area, or call 1-800-421-3481.

600.020 Sexual Harassment under Title IX - for matters involving conduct alleged to have occurred on or after August 14, 2020

Executive Order 40, 4-8-14; Revised 6-19-14; Revised 9-22-14 by Executive Order 41. Revised 2-9-17 with an effective date of 3-1-17; Revised 7-28-20 with effective date of 8-14-20; Revised Board Minutes 9-7-23.

- A. **Sexual Harassment in Education.** The University is committed to affording equal employment and education opportunities to its employees and students, and to creating an environment free from discrimination and harassment. In furtherance of these commitments, both University policy and applicable state and

federal law, prohibit all students, employees, volunteers and visitors at the University from engaging in sexual harassment in a University education program or activity against a person in the United States.

This policy applies to sexual harassment in any phase of the University's employment process, any phase of its admission or financial aid programs, and all other aspects of its education programs or activities. For purposes of this policy, "education program or activity" includes locations, events, or circumstances over which the University exercised substantial control over both the respondent and the context in which the conduct occurs, and includes any building owned or controlled by a student organization that is officially recognized by the University. This policy and CRR 600.030 do not apply to sexual harassment that happens outside the United States, even when the conduct occurs in an education program or activity of the University.

B. **Definitions**

1. **Sexual Harassment.** Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:
 - a. **"Quid Pro Quo"** - An employee of the University conditioning the provision of an aid, benefit, or service of the University on an individual's participation in unwelcome sexual conduct;
 - b. **"Hostile Environment"** - Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the University's education program or activity;
 - c. **"Sexual assault"** - Any sexual act that constitutes rape, sodomy, sexual assault with an object, fondling, incest, and statutory rape, as defined below:
 - (i) "Rape" is the carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity. There is "carnal knowledge" if there is the slightest penetration of the vagina or penis by the sex organ of the other person. Attempted Rape is included.
 - (ii) "Sodomy" is oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity.
 - (iii) "Sexual Assault with an Object" is using an object

or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity. An "object" or "instrument" is anything used by the offender other than the offender's genitalia.

(iv) "Fondling" is the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity.

(v) "Incest" is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by Missouri law.

(vi) "Statutory Rape" is sexual intercourse with a person who is under the statutory age of consent as defined by Missouri law.

- d. **"Dating Violence"** - The term "dating violence" means violence committed by a person-- (A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) The length of the relationship, (ii) The type of relationship, and (iii) The frequency of interaction between the persons involved in the relationship.
- e. **"Domestic violence"** - The term "domestic violence" includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of Missouri, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of Missouri.
- f. **"Stalking"** - The term "stalking" means engaging in a course of conduct directed at a specific person knowing or consciously disregarding a substantial and

unjustifiable risk that the course of conduct would cause a reasonable person to--(A) fear for their safety or the safety of others; or (B) suffer substantial emotional distress.

2. **Consent to Sexual Activity.** Consent to sexual activity is knowing and voluntary. Consent to sexual activity requires of all involved persons a conscious and voluntary agreement to engage in sexual activity. Each person engaged in the sexual activity must have met the legal age of consent. It is the responsibility of each person to ensure they have the consent of all others engaged in the sexual activity. Consent must be obtained at the time of the specific activity and can be withdrawn at any time. Consent, lack of consent, or withdrawal of consent may be communicated by words or non-verbal acts.

Someone who is incapacitated cannot consent. Silence or absence of resistance does not establish consent. The existence of a dating relationship or past sexual relations between the Parties involved should never by itself be assumed to be an indicator of consent. Further, consent to one form of sexual activity does not imply consent to other forms of sexual activity. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another. Coercion and force, or threat of either, invalidates consent.

3. **Incapacitated or incapacitation.** A state in which rational decision-making or the ability to consent is rendered impossible because of a person's temporary or permanent physical or mental impairment, including but not limited to physical or mental impairment resulting from drugs or alcohol, disability, sleep, unconsciousness or illness. Consent does not exist when the Respondent knew or should have known of the other individual's incapacitation. Incapacitation is determined based on the totality of the circumstances. Incapacitation is more than intoxication but intoxication can cause incapacitation. Factors to consider in determining incapacity include, but are not limited to, the following:
 - a. Lack of awareness of circumstances or surroundings (e.g., an inability to understand, either temporarily or permanently, the who, what, where, how and/or why of the circumstances; blackout state)
 - b. Inability to physically or verbally communicate coherently, particularly with regard to consent (e.g., slurred or incoherent speech)

- c. Lack of full control over physical movements (e.g., difficulty walking or standing without stumbling or assistance)
 - d. Physical symptoms (e.g., vomiting or incontinence).
- C. **Title IX Coordinators.** Duties and responsibilities of the University's Title IX Coordinators include monitoring and oversight of overall implementation of Title IX compliance at the University, including coordination of training, education, communications and coordination with the Title IX Processes for faculty, staff, students and other members of the University community and investigation of Formal Complaints of sexual harassment, and to respond promptly to reports of sexual harassment of which the University has actual knowledge in University education programs and activities. The University may designate Deputy Coordinators as needed to assist in fulfillment of the Coordinator's duties and responsibilities. NOTE: All references to "Title IX Coordinator" throughout this policy refer to the Title IX Coordinator or the Coordinator's designee. For the purposes of this section, "actual knowledge" means notice of sexual harassment or allegations of sexual harassment to a University's Title IX Coordinator or any official of the University who has authority to institute corrective measures on behalf of the University. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the University with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the University. The following individuals serve as Title IX Coordinators and are designated to handle inquiries regarding the Anti-Discrimination policies and to serve as coordinators for purposes of Title IX compliance:

D. **Title IX Resolution Process.** The University is committed to preventing and eliminating impermissible sexual harassment in its education programs, activities and employment. To that end, the University maintains policies regarding reporting, investigation, and resolution of complaints of sexual harassment. Specifically, please see:
Section 600.030 – Resolution Process for Resolving Complaints of Sexual Harassment Under Title IX

E. **Designated Officials.** The following are the officials designated by the University as those who have “authority to institute corrective measures.” These officials are mandated reporters and shall report to the Title IX Coordinators any information that puts them on notice of sexual harassment or allegations of sexual harassment.

1. The President of the University of Missouri System;
2. The Chancellors of each University in the University of Missouri System;
3. The Provosts of each University in the University of Missouri System; and
4. The Chief Human Resource Officers for each University in the University of Missouri System.

Any person having inquiries concerning the application of Title IX should contact their respective UM System or University Title IX Coordinator.

F. **Reporting Sexual Harassment**

1. **Students, Employees, Volunteers, and Visitors.** Students, employees, volunteers, and visitors of the University who have experienced any form of sexual harassment are encouraged to report the incident promptly to the appropriate Title IX Coordinator listed in Section 600.020.C. above. In addition, students, volunteers, and visitors of the University who have witnessed such conduct are encouraged to report the incident promptly to the appropriate Title IX Coordinator. The University will respond to all such reports pursuant to one of its Title IX and Equity Resolution Processes (see Sections 600.030, 600.040, 600.050).
2. **Mandated Reporters.** Any employee of the University, except as noted below, who becomes aware of sexual harassment as defined in this policy is a Mandated Reporter, regardless of whether the recipient of the behavior is a student, employee, volunteer or visitor of the University.
3. **Employees with a Legal Obligation or Privilege of Confidentiality.** Employees with a legal obligation or privilege of

confidentiality (including health care providers, counselors, lawyers, and their associated staff) are not considered Mandated Reporters and are not required to report when the information is learned in the course of a confidential communication. This also means that the employee seeking the exemption is employed by the University for that specific purpose and was acting in that capacity when the confidential disclosure was made. If the information is not learned in the course of confidential communication (for example, behavior is observed in class) then the employee has the same obligation as a Mandated Reporter.

4. **Designated Confidential Employees.** Consistent with the law and upon approval from the Office of the General Counsel, Universities may also designate non-professional counselors or advocates as confidential for purposes of this policy and, therefore, excluded from the definition of Mandated Reporters.
5. **Required Reporting.** A Mandated Reporter is required to promptly report the information to the appropriate Title IX Coordinator. The Mandated Report must be made regardless of whether the person reporting the information to the Mandated Reporter requests confidentiality and regardless of how the Mandated Reporter becomes aware of the offensive behavior (personal observation, direct information from the subject of the behavior, indirect information from a third party, etc.). If the Complainant requests confidentiality or that a report not be pursued, the Mandated Reporter should warn the Complainant that, at this stage in the process, the Mandated Reporter must report all known information to the Title IX Coordinator.
6. **Content of Mandated Report to Title IX Coordinator.** Mandated Reporters must report all details that they possess. This includes names of the Parties, if known, and all other information in the Mandated Reporter's possession.
7. **Non-compliance.** Failure to comply with this policy can result in disciplinary action. Employees also are cautioned that non-compliance with this policy may increase their risk of personal liability. Further, an individual who fails to report as required under this policy may be determined to be ineligible for defense or protection under Section 490.010 of the University's Collected Rules and Regulations for any associated claims, causes of action, liabilities or damages.

G. Retaliation, False Reporting, and Witness Intimidation or Harassment.

1. Retaliation is any adverse action taken against a person because of that person's participation or refusal to participate in the process set

forth in CRR 600.030. Any person who engages in such retaliation shall be subject to disciplinary action, up to and including expulsion or termination, in accordance with applicable procedures. Any person who believes they have been subjected to retaliation is encouraged to notify the Title IX Coordinator. The University will promptly respond to all claims of retaliation in accordance with this policy. Examples of prohibited retaliation include, but are not limited to, giving a lesser grade than the student's academic work warrants because the student filed a report or Formal Complaint of sexual harassment; giving lower than justified performance appraisals because a person was a witness in an investigation of alleged sexual harassment; and threatening to spread false information about a person for filing a report or Formal Complaint of sexual harassment.

2. False reporting is making an intentional false report or accusation in relation to this policy as opposed to a report or accusation, which, even if erroneous, is made in good faith.
3. The University prohibits attempted or actual intimidation or harassment of any potential Party or witness. No individual participating in an investigation relating to a report or Formal Complaint that a violation of this policy has occurred should, directly or through others, take any action which may interfere with the investigation.
4. For situations involving alleged retaliation, false reporting, and witness intimidation or harassment, the Title IX Coordinator will refer the matter to the appropriate University process.

- H. **U.S. Department of Education—Office for Civil Rights.** Inquiries concerning the application of Title IX also may be referred to the United States Department of Education's Office for Civil Rights.
