

University of Missouri

Campus Security Authority Training

As youth program staff of the University of Missouri and designated as a Campus Security Authority, I understand that due to my position I understand there are responsibilities required by federal law to report Clery Act crimes when observed by, or reported to me in good faith by another person.

I have received and reviewed the CSA PowerPoint training and have a basic understanding of:

- The Clery Act
- Campus Security Authorities and their reporting responsibilities.
- University of Missouri's Clery Geography
- Definitions of Clery reportable crimes
- Where and how a CSA should report a Clery Act crime.
