COLUMBIA | KANSAS CITY | ROLLA | ST. LOUIS

Process Overview

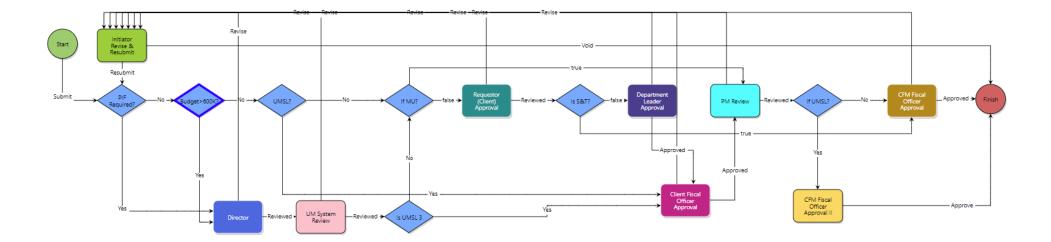

The 10.00 - Project Authorization (Budget Establishment) (PA) process is typically used once in each project to establish the budget and PCS summary in eBuilder. This process is normally initiated by the Project Manager. Once you are completed with your initial planning and have approved funding for design, you need to determine the appropriate budget templated to apply, apply new budget template, then execute this process to establish the budget. Typically, you increase the budget based on the funding approved by the client. For Board of Curators (BOC) approved projects, the amount for the complete project (Design and Construction) is typically provided and will be the amount used to establish the budget for these projects.

For MU Campus - You are NOT using the Client Department Leader / CFO approval steps in the workflow process, you will need to obtain approvals outside of eBuilder and attach the documentation to this process.

PA - Workflow Details

Description: This process is used to obtain approvals and establish the initial project budget.

Actors: Project Manager, Director of PDC, Client (Requester) Approval, Dept. Leader, Client Fiscal Officer, CFM Fiscal Officer, UM System

Process Pre-Work |

There are several steps outside of eBuilder that are required prior to initiating the process to establish the budget in eBuilder:

- 1. Work with client and other resources on initial planning to determine high-level budget (Design and Construction Est.).
- 2. If you use a spreadsheet to manage your PCS in conjunction with eBuilder, make sure it is up to date.
- 3. If your campus is not using the client approval steps in the workflow you need to obtain approvals for funding by email.
 - a. Print email or document to PDF file and save to attach later in the process.
- 4. Obtain client/funding MoCode(s) and add them to the project Details Page.
- 5. You need to determine what PeopleSoft Account to use and apply the appropriate Budget Template. Note: You can use reference cards in the reference section to help with this). Follow these steps to update the budget template:
 - a. In the project navigate to Project Menu \ Details \ click on **Apply Templates**:

Apply Project Templates

Note These templates will be applied to the selected project have already been processed.	(s), which will take a few minutes to process. For your convenience, an email wi	II be sent to you when this proce	iss is complete. Please refrain from making changes to the templates during this t	time, as updates will not be refle	× ected in the project(s) that
Project Name		Project Administrator		User Logir Allowed	Has Schedule
University Hall Renovate 225		Administrator, UM System		×	· ·

After completing the required fields click **Submit** to submit the budget establishment process. You can also **Save Draft** to finish later or **Delete Draft** and **Cancel**.

Conditionals |

During the start step, if your selected **"Yes"** to Needing System Review and/or the budget request amount is **greater than \$600,000** the process will route to Director Review and the UM System Review steps.

During the start step, if your selected **"No"** to Needing System Review and/or the budget request amount is **less than \$600,000** the process will bypass Director Review and the UM System review steps.

-----Note: The Screen Layouts are identical for the remaining steps.----Reference eBuilder page layout on page 7.

Director Review / UM System Review Steps |

The Director of PDC and UM System will review the information in the process, comments and attached documents. Once done and ready to move the process forward either can <u>Take Action</u> **"Reviewed"** to send to the next step, or **"Revise"** to send back to the PM. You will be prompted and required to add comments if you take the **"Revise"** action.

PM Review Step |

The PM will review the information in the process, comments tab and any attached documents. Once done and ready to move the process forward, the PM will <u>Take Action</u> **"Reviewed"** to send to the next step.

CFM Fiscal Officer Approval Step | (Senior Accountant within PDC)

The Campus Fiscal Officer will review the information in the process, comments tab, and any attached documents. Once done and ready to move the process forward, the Campus Fiscal Officer will <u>Take Action</u> **"Approved"** to finalize this process, or **"Revise"** to send back to the PM. You will be prompted and required to add comments if you take the **"Revise"** action.

Requestor (Client) / Department Leader / Client Fiscal Officer Approval Steps (MU Campus will bypass these steps in eBuilder)

These three roles will review the information in the process, comments tab, and any attached documents. Once done and ready to move the process forward, they will <u>Take Action</u> **"Approved"** or "Reviewed" to move forward, or **"Revise"** to send back to the PM. You will be prompted and required to add comments if you take the **"Revise"** action.

University of Missouri Capital and Non-Capital Account Quick Reference Cards:

Reference Card #1 Capital vs Non-Capital

FACILITIES CAPITAL IMPROVEMENTS

VS.

FACILITIES NON-CAPITAL IMPROVEMENTS

Landscape/Grounds Capital	Includes expenses for repairing existing roads, sidewalks, parking lots, site amenities, pumping stations, entrance drives, or fences to their normal condition or to prevent further deterioration. Must cost more than \$100,000.
	Improvements to enhance appearance ante
Bldg Reno/Rehab Capital	Improvements to enhance appearance, or to adapt space for changing programmatic needs or changing standards. Includes all payments to contractors, architect/engineers, and administrative fees. Includes office, classroom and laboratory remodeling or upgrading and work to update facilities for changing building codes and access and safety standards.
Bldg Repair - Capital	Includes all repair projects that exceed \$100,000, and include an upgrade of item repaired (i.e. enhanced lighting, more energy efficient windows, upgrade to roof or doorways, better space utilization, roof repair/replacement, chiller overhauls, tuck pointing, etc)
Utility Dist-Capital	Includes all projects for new exterior utility distribution systems and for repair or improvement projects to existing systems that cost more than \$100,000, and increase functionality (i.e. as part of repair replace 3" line with 5" line).
Land	Land includes cost of land if purchased, or appraised value of gifts.
New Construction Proj- Building	Includes all payments to contractors, architect/engineers, administrative fees for new construction, fixed equipment, additions to existing buildings, site development, utility connections, and landscaping that is part of the original project.
Other Capital Improvements	Includes other additions, fences, utility distribution lines, pumping stations, sidewalks (not associated with buildings), roads and parking lots.
Artwork & Museum Objects > \$5,000	Use to account for the addition of Art and Museum Objects, including donations.
	Utility Dist-Capital Land New Construction Proj- Building Other Capital Improvements Artwork & Museum

	FACILITIES & NON-CA	PITAL IMPROVEMENTS
740900	Misc Facilities Charges Less Than \$5,000	Expenses for minor projects that are not capital and do not fit under definitions for non capital maintenance and repairs. Examples include re- keying locks, changing/installing signage, install of handrails, etc.
791000	Landscape & Grounds Maint & Repair - Non Cap	Expenses for maintenance of campus landscape and grounds which includes activities such as turf maintenance, annual and perennial flower bed maintenance, tree and shrub bed maintenance, outdoor pest management, irrigation system maintenance, trash removal and snow removal.
792000	Infrastructure Repairs - Non Cap	Includes expenses for repairing existing roads, sidewalks, parking lots, site amenities, pumping stations, entrance drives, or fences to their normal condition or to prevent further deterioration which costs less \$100,000.
794000	Building Services Non Cap	Building services includes labor and materials to clean buildings, such as janitorial services, window washing and indoor extermination services.
795000	Bidgs-M&R-Non Capital	Restore building and building systems to their normal, usable operating condition or to prevent further deterioration and service interruptions. Includes repair projects and unscheduled repair work, preventive maintenance and maintenance contracts. Examples of this include replacing worn out carpet with the same, but not replacing carpet for upgrading an office. Also includes fire protection, elevators, fume hoods, AC, walk-in room refrigeration units, mechanical, plumbing & electrical repairs, equipment & rooms signs, room keys, rekey locks, paint small area or rooms (when painting not part of a remodel project). Does not include custodial work or work to adapt or renovate facilities for changing programmatic needs or changing standards.
796000	Minor Renova/Rehab Non Capital	Minor improvements to enhance appearance, or to adapt space for changing programmatic needs or changing standards, which cost equal to or less than \$99,999.
797500	Utility Dist-Non Capital	Includes restoring existing exterior utility distribution systems to a usable condition or to prevent further deterioration and service interruptions.

Reference Card #2 Capital vs Non-Capital

CAPITAL EQUIPMENT ACCOUNTS

VS. NON-CAR

NON-CAPITAL EQUIPMENT ACCOUNTS

* 770000	Capital Equipment Greater Than or Equal To \$5,000		* 740002	Non-Capital Equipment (Less Than or Equal To \$4,999)
777100	Computers - Capital		740100	Computers - Non Capital
777200	Software - Capital (Greater than \$100,000)		740150	Software - Non Capital (Less Than/equal \$99,999)
777300	Office Equipment - Capital			
777400	Other Equipment - Capital		740300	Equipment - Non Capital
