

Admissions 2016-17

Institution: University of Missouri-St Louis (178420)

User ID: 29C0011

Overview**Admissions Overview**

Welcome to the IPEDS Admissions (ADM) survey component. The primary purpose of ADM is to collect basic information about the undergraduate selection process for entering first-time, degree/certificate-seeking students. This includes information about admissions considerations, admissions yields, and SAT and ACT test scores (if test scores are required for admission). ADM will be collected only from institutions that do not have an open admissions policy for entering first-time students.

Recent changes

- Writing scores for ACT and SAT will no longer be reported.
- Due to changes in the SAT, institutions will need to convert and scores from the new SAT to old SAT using College Board Concordance tables.

Data Reporting Reminders

- ADM covers data for the most recent Fall period.
- ADM is only applicable to first-time entering students; do not include other students in the number of applicants, number of admits, and number (of admitted) that enrolled. Only include levels (full-time, part-time) that you indicated were offered in the IC Header. If you made an error in the IC Header, please call the IPEDS Help Desk.

Screen: Selection Process - Test Scores

Screen Entry	The number of enrolled students that submitted test scores (SAT + ACT) reported on the Selection Process - Test Scores screen should be greater than or equal to the total number that enrolled full-time and part-time reported on the Selection Process - A/A/E screen. Please correct your data or explain. (Error #14232)	Explanation	Yes	
Reason:	The SAT is not the primary test used for entrance into the University of Missouri, the ACT is. The low number of SAT represents students who come from outside of the Midwest region.
