

Data Protection Addendum

(approved as of July 2025)

This Data Protection Addendum supplements the University of Missouri Standard Procurement Terms and Conditions found at [PO Terms & Conditions](#) ("Terms and Conditions"). The Curators of the University of Missouri ("University") requires that their service providers, suppliers, distributors and other business partners and their employees (collectively "Contractor") comply with the requirements in this Data Protection Agreement ("DPA") with respect to any information that University, University employees, representatives, customers, or other business partners make available to Contractor in the context of Contractor's business relationship with University (collectively "University Data"). Contractor is a Processor that provides certain services ("Services") to University pursuant to an agreement or agreements with University (the "Underlying Agreement(s)") and Processes, on University's behalf, Personal Information that is necessary to perform the Services under the Underlying Agreement(s).

NOTE REGARDING PATIENT INFORMATION: If Contractor, through work with one of the University's designated "health care components", will receive, create, or come into non-incident contact with individually identifiable health information of University patients -- "Protected Health Information" as that term is defined in regulations under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), at 45 C.F.R. Part 160.103 -- the University's Business Associate Addendum applies in addition to this Data Protection Addendum. Where noted herein, certain sections of the Business Associate Addendum replace sections of this Data Protection Addendum as regards to Protected Health Information (PHI).

The University shall have sole discretion to determine whether the audit report/certification/attestation provided is sufficient to satisfy the requirements of this paragraph. If University objects to the subcontractor, Contractor will work with University in good faith to arrange for the performance of the Services without the use of such subcontractor and University may terminate this Agreement without penalty. Such engagement must be pursuant to a written contract that requires the subcontractor to also meet the obligations set forth in this Section for the Contractor

Prior to the commencement of work under the Underlying Agreement(s), Contractor shall provide a certificate of insurance evidencing such insurance, shall name the officers, employees, and agents of The Curators of the University of Missouri as Additional Insured with respect to the order to which these

Neither the requirement for Additional Insured status nor any of the Contractor's action in compliance with such requirement, either direct or indirect, is intended to be and neither shall be construed as a waiver of any sovereign immunity, governmental immunity or any other type of immunity enjoyed by University, the Board of Curators of the University of Missouri, or any of its officers, employees or agents. Contractor shall provide for notification to University within at least thirty (30) days prior to expiration or cancellation of such insurance. - b. Upon the reasonable request of University, Contractor shall make available all information in its possession necessary to demonstrate compliance with any applicable Data Protection Law.
- c. Contractor will promptly notify University if Contractor determines that Contractor can no longer meet its obligations under this Section or any applicable Data Protection Law.

- e. Contractor certifies that Contractor understands and will comply with the requirements and restrictions set forth in this DPA, and with all applicable provisions of the Data Protection Laws.
- f. The following provision applies only if Contractor will have access to the University's education records as defined under FERPA: The Contractor acknowledges that for the purposes of this DPA it will be designated as a "school official" with "legitimate educational interests" in the University education records, as those terms have been defined under FERPA and its implementing regulations, and the Contractor agrees to abide by the limitations and requirements imposed on school officials. Contractor will use the education records only for the purpose of fulfilling its duties under the Underlying Agreement(s) and will not share such data with or disclose it to any third party except as provided for in this DPA, required by law, or authorized in writing by the University.

- g. If the Payment Card Industry Data Security Standard (PCI-DSS) is applicable to the Contractor service provided to the University, the Contractor agrees to:
- i. Store, transmit, and process University Data in scope of the PCI DSS in compliance with the PCI DSS; and
 - ii. Attest that any third-party providing services in scope of PCI DSS under the Underlying Agreement(s) will store, transmit, and process University Data in scope of the PCI DSS in compliance with the PCI DSS; and
 - iii. Provide either proof of PCI DSS compliance or a certification (from a recognized third-party security auditing firm), within 10 business days of the request, verifying Firm/Vendor and any third party who stores, transmits, or processes University Data in scope of PCI DSS as part of the services provided under the Underlying Agreement(s) maintains ongoing compliance under PCI DSS as it changes over time; and
 - iv. Store, transmit, and process any University Data in scope of the PCI DSS in a manner that does not bring the University's network into PCI DSS scope; and
 - v. Attest that any third-party providing services in scope of PCI DSS under the Underlying Agreement(s) will store, transmit, and process University Data in scope of the PCI DSS in a manner that does not bring the University's network into PCI DSS scope.
- h. Digital Accessibility. The University affords equal opportunity to individuals with disabilities in its employment, services, programs and activities in accordance with federal and state laws, including [28 C.F.R. Pt. 35](#), Section 508 of the Rehabilitation Act, and RSMo. 161.935. This includes effective communication and access to electronic and information communication technology resources, and the University expects that all products will, to the greatest extent possible, provide equivalent ease of use for individuals with disabilities as for non-disabled individuals. The University of Missouri has adopted the Web Content Accessibility Guidelines (WCAG) 2.2 A and AA as the minimum standard.

Contractor shall: (1) deliver all applicable services and products in reasonable compliance with University standards (Web Content Accessibility Guidelines 2.2, Level A and AA or above); (2) provide the University with an Accessibility Conformance Report detailing the product's current accessibility according to WCAG standards using the latest version of the Voluntary Product Accessibility Template (VPAT); (3) if accessibility issues exist, provide a "roadmap" plan for remedying those deficiencies on a reasonable timeline to be approved by the University; (4) within 15 days of notice respond to assist the University with resolving any accessibility complaints and requests for accommodation from users with disabilities resulting from Contractor's failure to meet WCAG 2.2 A and AA guidelines at no cost to the University; and (5) indemnify and hold the University harmless in the

event of any claims arising from inaccessibility. If Contractor does not currently comply with WCAG 2.2 A and AA, they must provide confirmation that they have a roadmap in place to comply.

When installation, configuration, integration, updates, or maintenance are provided, the Contractor must ensure these processes are completed in a way that does not reduce the original level of WCAG conformance. If, at any point after procurement, it is determined that accessibility improvements need to be made in order to comply with the WCAG 2.2 A and AA standards, the Contractor agrees to work with the University to remedy the non-compliance by submitting a roadmap detailing a plan for improvement on a reasonable timeline; provided, however, that any such improvements shall be implemented within 15 days of notice. Resolution of reported accessibility issue(s) that may arise should be addressed as high priority, and failure to make satisfactory progress towards compliance with WCAG, as agreed to in the roadmap, shall constitute a breach of contract and be grounds for termination or non-renewal of the agreement. The foregoing requirements are subject to the discretion of the University of Missouri System Director of Accessibility and ADA Coordinator.

4. Response to Legal Orders, Demands or Requests for Data

- a. Except as otherwise expressly prohibited by law, Contractor will:
 - i. immediately notify the University of Contractor's receipt of any subpoenas, warrants, or other legal orders, demands or requests seeking University Data;
 - ii. consult with the University regarding its response;
 - iii. cooperate with the University's reasonable requests in connection with efforts by the University to intervene and quash or modify the legal order, demand or request; and
 - iv. provide the University with a copy of its response.
- b. If the University receives a subpoena, warrant, or other legal order, demand or request (including request pursuant to the Missouri Sunshine Law) seeking University Data maintained by Contractor, the University will provide a copy to Contractor. Contractor will promptly supply the University with copies of data required for the University to respond in a timely manner and will cooperate with the University's reasonable requests in connection with its response.

5. Data Transfer Upon Termination or Expiration

- a. Upon termination or expiration of the Underlying Agreement, Contractor will ensure that all University Data are Securely Destroyed or returned as directed by the University in its sole discretion. - b. Contractor agrees to provide documentation of data destruction to the University.
- c. Contractor will notify the University of impending cessation of its business and any contingency plans. This includes immediate transfer of any previously escrowed assets and University Data and providing the University access to Contractor's facilities to remove and destroy University- Data. Contractor shall implement its exit plan and take all necessary actions to ensure a smooth transition of service with minimal disruption to the University. Contractor will also provide a full inventory and configuration of servers, routers, other hardware, and software involved in service delivery along with supporting documentation, indicating which if any of these are owned by or dedicated to the University. Contractor will work closely with its successor to ensure a successful transition to the new equipment, with minimal downtime and effect on the University, all such work to be coordinated and performed in advance of the formal, final transition date.

This DPA governs in the case of any direct conflict with existing terms and conditions in the Underlying Agreement. Any limitations of liability or damages in the Underlying Agreement(s) will not apply to a breach by Contractor of this DPA.

7. Survival
